Real-time Auctions

*Welcome  
from*

# Rock Solid Reds

*On behalf of the  
Rock Solid Reds  
members, we invite  
you to Albany, Wis.  
on March 13 for our  
inaugural bull sale.*

*While our group may have a new  
name, Rock Solid Reds, the quality  
you've come to expect from this  
group of Red Angus breeders  
remains the same. Rock Solid Reds  
is a group of dedicated Red Angus  
breeders from Wisconsin that  
includes Shamrock Nook Red Angus,  
Hornung Red Angus and  
Johnson Family Cattle.*

***Thank you for your consideration of these programs,  
and we look forward to talking with you.***

## ***Shamrock Nook Red Angus***

Brothers Joe and Jim Dunphy are the fifth generation to farm at Shamrock Nook. In 1989, after a dairy barn fire, Jim took an interest in some Red Angus cows that Ray Brickl had at World Beef Expo. Over the last 30 years, the two brothers have traveled the country looking at many of the finest herds from Redland, Leachman, Boot Jack, Andras, Messmer, Forster, Buffalo Creek, Bieber, Ludvigson, Beckton, Brickl, Hidden Creek, NER farms, and the list goes on. They are thankful for the direction and support of so many great Red Angus breeders. Their search for established maternal cows led them to Eleanor, Tidy Bee, Copper Queen, Stony, Erica, and Mimi females to lead the way. You've seen the quality of our females, now we want to show you their sons. In this bull sale, you'll find versatile breeding variations that can meet a diverse range of production goals. We hope you share our anticipation and enthusiasm for this sale.

Jim Dunphy Family

Joe Dunphy Family

## ***Hornung Red Angus***

In 2002 Andy bought his first Red Angus heifer, SRN Copper Queen M308. Two things happened that day, the beginning of Hornung Red Angus and a lifelong friendship with Shamrock Nook Red Angus. Hornung Red Angus has grown since 2002, Andy has been joined by wife, Alisa, and their daughter, Addyson. SRN Copper Queen M308 became the foundation of Hornung Red Angus. We strive to produce Red Angus cattle that will fit into any program.

Andy & Alisa Hornung Family

## ***Johnson Family Cattle***

Johnson Family Cattle, located in Shawano, Wis., is owned/operated by Brad & Lindsay Johnson along with children Isaac and Charlotte. The JFCC program is designed to produce functional, performance cattle that are the cattlemen's kind. Having both been in the beef industry all their lives, the Johnsons started in the Red Angus breed in 2006. They continue to develop their herd with an aggressive A.I. and E.T. program, strict culling and an unwavering pursuit of the ideal beef animal.

## Accommodations

AmericInn, Monroe, WI .....608-352-6406  
Boarders Inn & Suites, Evansville, WI.....608-882-0936

## Terms & Conditions

Cattle will sell under the suggested Terms and Conditions of the Red Angus Association of America.

## Fertility Guarantee

Rock Solid Reds' bulls are bred and raised to become sound, fertile herd sires, and each bull has passed a breeding soundness exam (BSE). As a result, these bulls sell with a first season "Rock Solid Guarantee." If a bull proves to be a non-breeder, please contact the seller by October 31, 2022. Our goal will be to provide a suitable replacement or offer credit in a future Rock Solid Reds sale. This guarantee is void if there is evidence of improper management in caring for the animal, or the bull's inability to breed is due to sickness or injury which was incurred after being sold.

## Delivery/Trucking

If you take your bull home on sale day, you will receive \$100 off the purchase price. For bulls needing delivery, Rock Solid Reds will assist in transportation arrangements in an efficient and cost-effective manner.

## Housing

Rock Solid Reds will keep and feed any bulls purchased in the sale until April 1 free of charge. Additional housing and feeding arrangements are available until July 1 for a charge of \$5/day per animal. Please coordinate these feeding arrangements after the sale at checkout.

## Insurance

Mortality Insurance is available through Dakota Ag Insurance by calling 605-990-5355. Rock Solid Reds asks that anyone not taking your bull home on sale day to either purchase insurance or contact your insurance agent to make sure your purchases are covered.

## Supplement Information

Supplement sheets will be available on sale day with ultrasound data and scrotal measurements.

*This sale will be broadcast live on DVAuction*

Bieber CL Stockmarket E119 is THE bull to watch in 2022. He is one of the most popular sires in the Red Angus breed over the last several years. He's got an outcross pedigree that will fit in just about any program. One of the best Stockman sons to date, he stems from the powerful Adelle cow line. SRN Stockmarket 2118 will follow in his sire's footsteps. His dam, with a 105 MPPA, was our pick in Bieber's 2020 sale. 2118's numbers read very well in the single digits for 9 EPDs. Calving ease, growth, maternal value, carcass traits – he excels at them all. He's got the data AND the looks. Here's your chance to bring top genetics to your herd. You won't be sorry! Suitable for cows and heifers.

## Lot 2

### AAHR LEADING TESLA 103J

Take a look at this guy! He has stud written all over him. He ranks in the top 25% in HerdBuilder, GridMaster and ProS. This big, stout, rugged made bull will add pounds, and the females will be ones to build a herd around. His dam is maternal sister to the lot 1 heifer that sold in the 2021 Females of Fall sale. Suitable for cows and bigger heifers.

We have been impressed with the vigor and calving ease of our Relentless calves. Like his sire, SRN Relentless 2101 tops the charts with his CED and BW at 1%. With 8 EPDs in single digits, he will be one to add maternal value and carcass quality to take your herd to the next level. If calving ease and maternal traits are priorities in your program, SRN Relentless 2101 will be a perfect match. Suitable for cows and heifers.

This moderate, thick, heavy muscled bull has been a standout since birth. His pedigree is full of really good cows - use J106 to build a great herd with solid feet, legs and udders! With his abundant milk number and high Ribeye EPD, Isaac says this bull is a dual threat to make maternal females AND excellent feeding cattle! Suitable for cows and heifers.

Like his sire, this one offers an outcross pedigree incorporating some black Angus genetics with great growth potential. Red U2 Dominion goes back to SRN Hi Dee Ho 078, 22 years ago. His dam holds an MPPA of 102 and is one of the best black hided cows in our herd with excellent feet, a great udder, super disposition, and leading carcass traits. Suitable for cows.

Here's a black hided bull out of a line known for fertility and good looks. He hails from a young cow with nice udder, and his grand dam is the most fertile cow we've ever owned. Suitable for cows and bigger heifers.

# Lot 16

## SRN GRAND PRAIRIE 2140

Lot 16 is moderate framed and thick ended with a 108 weaning ratio. He has eleven EPDs in the top third of the breed. Like his dam, a Hard Drive daughter, he will add growth and improved carcass traits to his offspring.

Suitable for cows and bigger heifers.

## JFCC FALCON 156

This bull hails from a cow line known for udders and fertility – you'll want to keep all his daughters! He is sired by our stud herd sire, JFCC Falcon 861, a direct son of the famous Patricia Rose.

Suitable for cows and heifers.

**SRN FUSION 1658...SIRE OF LOTS 18-26**

We've raised three Andras Fusion sons as herd sires, using SRN Fusion 1658 for 4 years. His calves are solid, uniform, extremely docile and heavily muscled with consistent high ranking EPDs for ProS, HB, GM, ME, and STAY. His sons are favorites with past bull buyers while daughters have excellent feet, tight udders, and are easy fleshing. The sons represented below will add capacity, performance, docility and longevity to your program. Now is the time to infuse your herd with Fusion!
