ANGUS BULL SALE

Selling 123
Performance
Driven
Yearling
Angus Bulls

Tuesday • **FEBRUARY 21, 2023** • 2 pm (MST)
Gordon Livestock Market, Gordon, NE
(308) 282-1171 or 1-800-924-1171

Auctioneer

Dace Harper (605) 515-1535

Delivery Options

- Take your bull home the day of the sale and receive \$250 off the purchase price of each bull.
- We will deliver the bulls to you beginning April 1st.
- We will keep and feed your bulls until you are ready for them. You will be charged \$3.00 per day beginning April 15th and you will need to pick them up.

Sale Info

A sale order and supplement sheet providing yearling weights, ultrasound data, and scrotal measurements will be posted on our website at www.hooscowangus.com.

Fertility Screened

Dr. Jenny Meyer will screen all bulls for fertility and breeding soundness. In the event that you retest the bull and are not satisfied with the results we will gladly return your money, but we do request that you return the bull to our ranch at your expense.

View Sale Online

Videos should be available February 5th on Superior Livestock Video Auction @ www.superiorlivestock.com.
Live bidding available sale day. More information on how to access the sale and videos is on page 2 of the catalogue.

Website & Video

Visit our website to view sale book and link to videos @ www.hooscowangus.com

Lunch

A complimentary steak dinner and refreshments will be provided prior to the sale.

Guarantee

Bulls selling for \$3000 or more are guaranteed for 90 days from the first turnout against injury. A credit of the purchase price less \$2500 will be applied towards another bull if available, or if the buyer prefers credit will be provided at next year's sale. The buyer retains the salvage value of the injured bull, but is required to contact us immediately so that inspection of the animal may take place. This is not a mortality insurance policy, nor does it cover mismanagement or neglect. However, if you are unhappy with your bull for any reason, even a couple years down the road, we want to know.

Parentage

All of the bulls have been DNA tested for parentage and the Angus GS genomic score, thus they have a DNA profile on record. This will allow you to test for parentage identification of their progeny if necessary in the future. The genomics have been incorporated into the bulls EPD profile.

Disposition Scoring

We take pride in our cattle having excellent dispositions. Once again, we have attempted to disposition score to assist you in finding the right bulls for your operation. We are changing this slightly this year.

1= Very Docile, identified as bulls that show exceptional calmness
2=Not a problem, but could become restless when singled out
3=Likely to become restless when singled out.
We will attempt to identify and eliminate any bulls that will be flighty or aggressive.

Volume Discount

Buy 3 or more bulls you will receive a 5% discount.

Welcome Cattlemen

We would like to invite you to the 2023 HoosCow Angus Bull sale! HoosCow is a family owned and operated Angus seed stock operation dedicated to your success. We began buying registered cows in 1999. During this period of time, we have worked hard to develop our “breeding program” by consistently using core genetics and applying INTENSE selection pressure. You are not just buying a bull; you are investing in predictable HoosCow genetics from a program that offers you transparency and support.

Mission Statement

HoosCow Angus is a performance driven Angus seed stock ranch focused on building cattle that add value to every segment of the industry, leading to the utmost success of our customers. Although we consider EPD's in our selection, we rely heavily on selection pressure in our environment. We realize that our role as a seed stock provider is very important to your success. We are very careful in our selection, honest in our presentation, and sincere in our word.

Bull Development

We winter and calve the cows at our place two miles east of Rushville. In the spring, the bull pairs were hauled to pasture where they spent the summer. These bulls have not been creep fed or supplemented while on the cow because we do not want to create an illusion in our maternal selection process. The bulls were weaned in September. They are developed in a small pasture in front of our house. We target these bulls to gain 3.25lbs per day. All the bulls in this sale have been genomic tested using the Angus GS.

Our Embryo Transfer Program

We have invested heavily into the world of Embryo Transfer by implanting over five hundred embryos over the last twenty years. We have mass-produced cows that have excelled for us and brought in some of the breeds most decorated genetics. The embryo calves are raised by commercial cows, thus individual data can be misleading when used in comparison.

Your Bull Selection

We are often asked “what is your best bull?” It vaguely depends on what you have and what you are trying to accomplish. This is a set of bulls that offers different strengths. Our goal is to get you the bull you desire and hopefully the information in this catalogue will provide the tools you need to select the right bull for your business. This is the fifth year we have provided a disposition score to better assist your selection. If you have any questions or need more information don't hesitate to give us a call.

Judd & Brandy,

Hayden, Hannah & Hadleigh Hoos

LIVE SALE AUCTION, BIDDING & VIDEOS

MUST REGISTER PRIOR TO
BIDDING

PLEASE DO SO BEFORE SALE
STARTS

Here is how it works ONLINE BIDDING

Go to [Bid.SuperiorLivestock.com](https://bid.superiorlivestock.com) for Superior's new online bidding platform. If you have not registered there before you will need to create an account. The first time you register an account you will receive a confirmation e-mail that you must click on. Once you have completed this, select the auction you would like to bid on and click the "Request a Buyer Number" button. The first time you request a buyer number you will be sent a confirmation code via text. Enter that code in the login portal and you will receive a buyer number. This 2-step verification process will only have to be done once and in the future you will be able to simply login and request a buyer number and receive it instantly for any auction. Once you have successfully registered and received a buyer number it will show your name and buyer number on both the video preview page and the online bidding page when you are logged in. If you have an account at [LiveAuctions.tv](https://liveauctions.tv) you may skip the registration process and use those login credentials to request a buyer number as LiveAuctions is a division of Superior Livestock. For more details on registering an account and also how to bid, you may watch a tutorial at [Bid.SuperiorLivestock.com/how-it-works](https://bid.superiorlivestock.com/how-it-works)

VIEWING THE AUCTION

The auction will be broadcast online at [Bid.SuperiorLivestock.com](https://bid.superiorlivestock.com) and the pre-recorded videos will also be hosted there. You do not need an account just to watch the auction or view videos of the sale offering.

TURN IN BIDS OVER THE PHONE

This is Superior's traditional method of buying cattle and is the suggested process for anybody who does not have consistent, high-speed internet. You still must register an account at [Bid.SuperiorLivestock.com](https://bid.superiorlivestock.com) and request a buyer number. Once you receive a buyer number you will see the bid line phone number. Just watch the auction online and call in at least 2 lots ahead of the lot you are looking to bid on. A Superior Livestock representative will be with you on the phone and will assist you in placing bids.

FOR HELP WITH REGISTRATION OR ANY PART OF THE BIDDING PROCESS
PLEASE CALL SUPERIOR AT (800) 422-2117.

861 sold to the Balius family in our 2019 sale. His sire has created some of the most productive and fertile females that we have ever had. Laura Balius had indicated to us that 861 was her favorite bull and recommended that we collect him and use him, so we did. 861 should make some excellent feeder cattle, and we can't wait to get the daughters into production.

Wes Dolezal told me about this bull that they raised and when I saw Butte Rock it was love at first sight. Butte Rock is a moderate framed, extremely powerful individual and he stamps his calves. Butte Rock offers outcross genetics for us and our customers. The Dolezal Ranch does have semen available for sale on this powerhouse.

Rito 9969 is one of those bulls that gets used heavy and then 10 years later everyone wished they had used a lot more. 9969 semen is hard to find and in high demand. He breeds power by adding length and mass. The 4 sons offered are the result of embryo transfer out of our 236 donor cow who had a production record of 6 @ 108 for us.

SAV Bloodline 9578 combines a curve bending EPD profile with majestic herd bull presence, length of front, massive volume, expressive shape and breed-changing type, a force to be reckoned with in the Angus breed. The popular lead-off and second top-selling bull from the 2020 SAV sale. He is sired by SAV Rainfall 6846, who is the number one semen sales sire at Select Sires and flush brother to SAV Raindance 6848.

We purchased Temptation a couple years ago. He sires calves with extra length, great structure and eye appeal. His calves have an excellent disposition. We are anxious to get his daughters into production and see what they can do.

He sires added length, soundness and unmistakable herd bull presence in his sons. His daughters are stunning in an elegant maternal package. RAINFALL sets himself apart with his dominating hip and rear-leg structure with muscle shape and flawless phenotype. A SWeaning leader that offers strong MARB and REA predictions in an easy fleshing, big-bodied, good footed design.

Pine Ridge Thunder D033 was purchased by Mike Vaughn from Keith Deiken. These bulls are all ET from our 236 Donor cow. These bulls have a lot of extension which should make some outstanding feeder cattle. The pedigree is loaded with proven, maternal greats.

1704 came to us from JSK Livestock. What sold us on this bull was his mother. She was in production at 16 years of age. She was an extremely sound, easy fleshing and productive female. His sire brings the power and performance, making 1704 a nice blend.

We purchased Uno from the Midland Bull test where he earned a feed efficiency ratio of 114! The Uno bulls have surfaced and highlighted our previous sales. His first daughters have now weaned their first calves and did phenomenal. The first daughters averaged a 105 weaning ratio and all bred back. They have an excellent disposition and great maternal instinct.

• Young bull with excellent performance

HoosCow Guest Consignors

Once again, our sale will include bulls from Matt & Megan Harkless and Brian & Sable Nelson. These are young couples that are very involved and passionate about the cattle industry. They have collected their data accurately and with the utmost integrity. No creep was supplemented prior to collecting weaning data. The bulls were delivered to us in September and the bulls have been fed and housed with our bulls since then. These bulls will sell with the same terms and guarantee as our bulls. Both consignors have some outstanding bulls that includes a couple true herd bull prospects!

Matt, Megan & Tyce Harkless

The Brian and Sable Nelson Family

"WALL STREET is a true beef sire with tremendous depth of body and thickness throughout. He is easily one of the most physically impressive sires in our lineup. WALL Street posts a very strong EPD package backed with progeny proof. He blends all the components to drive his SM and SC ranking to the top of the breed. WALL Street daughters are proving to be productive, highly maternal females with excellent brood cow type."

NELSONS THREE RIVERS 23

Don't buy an **imposter.**

Not all "Angus" bulls are **REGISTERED** Angus bulls.

If you see this logo in conjunction with an individual animal or group of animals, you know that that animal is registered with the American Angus Association and backed by the power of **data, programs** and **pedigrees** of the Association.

Invest wisely in those that carry the **Powered By Angus** logo.

Look for the **REGISTRATION NUMBER.**

For more information on the Powered By Angus program, visit:

Angus.org/PBA.

YOU'VE EARNED IT

You've made a significant investment in your genetics, but does the market recognize that? The AngusLinkSM Genetic Merit Scorecard was created to objectively describe the genetic merit of your feeder calves. The scorecard gives buyers the confidence they need to pay more for your quality calves.

In 2022, users of the Genetic Merit Scorecard earned a **\$12.94/CWT PREMIUM** on average. Give us a call and we can help you earn what you deserve.

HOOS HEAVYWEIGHT 140

AAA: *20148226
Sired by: Hoos Resource 502
Dam: Hoos Blackbird 854

DOB: 2/12/21
BW: +5.2
WW: +99

"HOOS HEAVYWEIGHT 140" - Another legend sire 'in the making'. An extraordinary 'POWER BULL' with breed changing properties and credentials to write a new chapter in Angus history books. 'Heavyweight' is everything his name implies - POUNDS TO TOWN! He is appreciated for his excellent carcass scores, power, performance, presence and herd-improving EPD profile - He ranks in the Top 1% of the entire Angus breed in Weaning & Yearling Weight EPDs. Top 5% on RADG, Top 30% on Scrotal; Top 3% Ribeye, Top 40% and higher on Foot Scores, Top 15% on PAP and Top 4% on Heifer Pregnancy. Not often, do all traits combine with such excellence with an elite level phenotype, capacity, rib shape, fleshing ability, huge scrotal and docile temperament. A true sire for the masses. Add 'Heavyweight' to your breeding programs today!
