# LOCUST HILL CATTLE CO. BULL & FEMALE SALE

February 17, 2024

Pelham, NC | 1:00 pm EST

Gelbvieh - Balancer - Angus

Hello Friends,

It brings me great pleasure to welcome you to the third annual Locust Hill Cattle Co. production sale. I appreciate everyone that has supported Locust Hill over the years and I look forward to seeing each of you again this year.

Last year was a very eventful year for our family. We welcomed Alex and Kaitlyn into the family as we had both Adam and Spencer get married. We welcomed Brennen, Kaitlyn's son, into the family as our second grandchild and we are looking forward to our third as Spencer and Kaitlyn are now expecting.

I also am very thankful that Nikki is now back to good health after her horse accident. She gave us a scare but by God's Grace she overcame the injuries and is now back riding and competing. Thank you to everyone for your prayers and support during that tough time.

This sale would not be possible without Nikki's love and support. I also want to thank Bubba who lives his passion by building an awesome herd which makes this sale a reality. I am also thankful for our sons and their families. I appreciate the time and commitment of the farm crew; Jonathan, Jesse, Molly and Grant and newest member Justin.

Our continued focus at Locust Hill is to produce the best Gelbvieh and Balancer cattle. We emphasize calving ease, fertility, growth, docility and carcass genetics. We achieve this through an intensive AI and embryo transfer program which utilizes the best genetics that the breed has to offer. Producing great cattle doesn't happen by chance. Careful planning goes into each mating. I am blessed to have Bubba as a part of Locust Hill who, in my opinion, the best that there is at making breeding decisions. Bubba continually makes the "right" decision with breeding which advances our genetics. The evidence of Bubba's knowledge is printed right here in this catalog.

This year we have a strong set of bulls. I am confident that you can find the perfect bull that will complement your herd and help you to improve your profits. We are also offering a "top notch" set of heifers that come right out of our replacement pen and are being offered to you. There are several that I wanted to keep but Bubba was adamant that we need to sell our best. So, here they are, available for you to take home and put into your herd.

I look forward to seeing you on February 17. If I can be of any assistance, please let me know.

See you on sale day!

Sincerely,

G. Todd Hodges  
Locust Hill Cattle Company

These outstanding Parabellum sons are full of meat and rib. They also have a ton of bone to go along with tremendous hip. 2260 goes back to our wonderful donor cow, WDWZ Girl Power, who was a many time champion. Look these bulls up sale day

Sire to Lots 20 & 21 - Six Mile Parabellum

Paternal Grand Sire to Lots 22 & 23 - Six Mile John Wick 882E

These bulls are sired by Six Mile Joaquin 458J. Joaquin is a John Wick son that I purchased a few years ago from the famed Six Mile Ranch in Canada. These 3 bulls are a little on the young side, but if you can wait a few months, the genetics are definitely in the package. Look through these bulls and pick the one that suits your needs. The 2314 bull is halter broke and was shown at NC State Fair

**Guarantee of 6 Embryos and 3 Pregnancies**

Vicki was a great show heifer and was a champion countless times. Her last flush made 18 eggs. This mating produced the Champion Bred & Owned Heifer at the 2023 Junior Nationals.

Buyer receives all embryos in the flush up to 10. Everything after 10, the buyer has the option to buy embryos at a prorated rate.

Buyer has option to select a different sire if they choose.
