

BULLS OF *the Prairie*

VOL. 6

ANNUAL PRODUCTION SALE
MARCH 9TH 2024

1 PM CST • OAKLEY, KANSAS
SIMMENTAL & SIMANGUS™ BULLS & FEMALES

Welcome

To the 6th annual Bulls of the Prairie bull and heifer sale at our place. This will be our 25rd sale for Rains Simmental.

Here at Rains Simmental our bulls and heifers are bred for productivity and longevity. Our cattle are not supplemented as calves in the pasture.

Once weaned, the bulls are fed to a target of 2.8 - 3 pounds of average daily gain on a high roughage diet to maintain a natural growth pattern, correct structure, and foot integrity. This year we are offering 30 bulls and 20 heifers in this year's sale. You will be able to find bulls that are designed to put more pounds on your market calves and heifers of high quality to build your cattle herd.

We hope you can join us at the farm March 9th. If you can't be there in person, join us on DVAuction live sale day. Lunch will be available sale day and bull and heifers will be there for viewing in the morning with coffee and cinnamon rolls.

Thank you again for your support and interest in our cattle. If you have any questions, please call or text, we always like to talk cattle.

Sincerely,

Rains Simmental

MIKE & CELESTE RAINS
MAURI, RYDER, MASON, MACOY, MCKELLEN & MORGAN

SATURDAY, MARCH 9

12:00 PM • COMPLEMENTARY LUNCH

SALE ORDER

A specific lot order will be available sale day.

TERMS AND CONDITIONS

All cattle sell under the terms and conditions of the American Simmental Association and American Angus Association.

VIEW SALE BROADCAST ONLINE

Real-time bidding is available via the Internet for this sale. Live audio and video will allow buyers to bid on animals just as if they were present at the sale. Buyers must create an account prior to the sale. Please visit www.dvauction.com to create an account and request bidder credentials.

RETAINED SEMEN INTEREST

We are selling full possession and 2/3 semen interest in all bulls offered.

BREEDING GUARANTEE

Every bull in the sale carries a 100% guarantee for the fertility and structure for the first breeding season, 90 days from the first turnout date, provided the bull is managed for proper and acceptable nutritional and physical health. In event a problem arises during the first breeding season, please contact Bulls of the Prairie immediately to report the claim. The guarantee does not cover injury, mismanagement, neglect, and/or death. If the bull is proven to be a non-breeder, we will replace the bull with a satisfactory replacement or issue credit less the salvage value to be used in the future sale. A signed veterinary statement will be required.

LIABILITY

All persons attending the sale do so at their own risk. The owners, sale management, and the sale staff assume no liability for property loss or accident that may occur

TRUCKING/YARDAGE

Free delivery to Kansas, Oklahoma, Nebraska, and Colorado purchases. The rest of the bulls will be delivered in the most timely and cost efficient manner.

GUIDE TO THE EXPECTED PROGENY DIFFERENCES DATA

CALVING EASE | CE

Percent of unassisted births when used on heifers.

BIRTH WEIGHT | BW

Pounds of birth weight.

WEANING WEIGHT | WW

Pounds of weaning weight.

YEARLING WEIGHT | YW

Pounds of yearling weight.

MATERNAL CALVING EASE | MCE

Percent of unassisted births in first-calving daughters.

MILK | MILK

Pounds of weaning weight due to milk.

MATERNAL WEANING WEIGHT | MWW

Pounds of weaning weight due to milk and growth.

STAY | STAYABILITY | STAY

Percent of daughters remaining in the cowherd at 6 years of age.

DOC | DOCILITY

Difference in yearling cattle temperament.

CW | CARCASS WEIGHT

Pounds of carcass weight.

YG | YIELD GRADE

Yield grade score.

MARB | MARBLING

Marbling score.

REA | RIBEYE AREA

Square inches of ribeye.

API | ALL-PURPOSE INDEX

Dollars per cow exposed under an all-purpose-sire scenario.

TI | TERMINAL INDEX

Dollars per cow exposed under a terminal-sire scenario.

NAVIGATING OUR EXPECTED PROGENY DIFFERENCES

We aim for easy navigation of the information we've provided. First, you'll find the EPDs for each individual, followed by their percentile rank within the breed on the next row. Refer to the example on the right for clarification.

Lot 1

Starting the 6th annual Bulls of the Prairie sale with a standout set of 5 ET brothers out of our F808 Longevity donor. Sired by the very popular MR SR 71 Right Now E1538. We feel these future herd sires excel phenotypically and when you combine that with their genetic profile they are bound for greatness in any program.

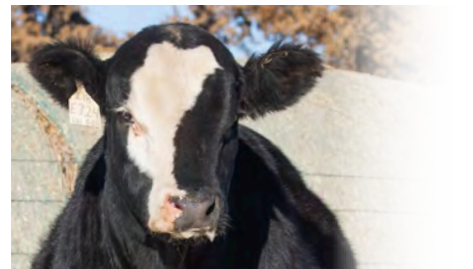

MATERNAL BROTHER
LOTS 1-5 & 31

Lot 2

Known around the ranch as "Yin - Yang" because of his unique blaze face. Weaned off the heaviest of the brothers. He closely resembles a maternal sib that topped the sale back in 2022 that is flat getting it done for Cory Jones down in Oklahoma.

A proven pedigree, backed by big time values. Son of the rare deceased \$37,500 TJ Teardrop out of our proven E738 Longevity donor. A full sister to this bull was the high selling female back in 2021 and now is a part of M4 Simmentals donor cow battery. Certain to have the brightest of futures. Maternal sib to lots 9,10, 35, and 36.

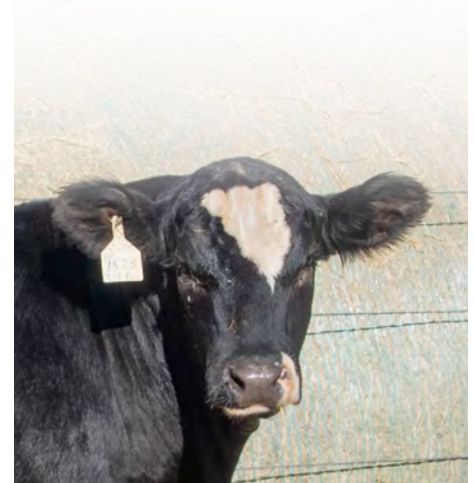

Lot 9

Lots 9 and 10 are another set of ET brothers out of our E738 Longevity and a great way to start into our OMF Epic sire group. Maternal sib to these brothers was the high selling bull in 2022.
