PONY

Footnotes:

Midnight is a cute black pony gelding that Clayton has had a lot of fun riding. He steps out willingly and goes exactly where Clayton, at just 4 years old asks him to go. This little guy is well desensitized to all the typical kid shenanigans, including toys, tarps, sacking out stick, & just about anything else you can imagine. He's easy to catch, great to handle his feet, and is even trained to lie down. We trust him enough to let our 4-year-old and 22-month-old handle, groom, and lead him around wherever they please. He also rides off quietly by himself without any fuss. Clayton even rides him out through the fields and around the farm with us all on his own without being ponied. Midnight stands 34 inches tall and is sound. FMI call (608) 434-4789. Video @ <https://youtu.be/T7to-NyR0C0?si=XDiRDr6A3qgNTZvG>

Tater needs no introduction...Tucker has used him for breakaway, ribbon roping, flag race, keyhole, heading/heeling and of course tie-down. They have won numerous buckles & saddles. Some of Tucker's favorite memories...when he first got him he was so excited to make "11's" in the dirt. Tater will stop - slide & work the rope. In 2021 they maxed out points in the MTJHSRA ribbon roping at the 1st spring rodeo & a couple rodeos after that maxed out in the tie-down. In 2022 at the MT Jr High State Finals they tied a calf in 17 seconds using his second loop. Tater helped Tucker crush his goal of winning the Rookie All-Around & also won Boy's All-Around as a freshman. They qualified all 3 yrs of JH career in the ribbon roping & tie-down & 1 year in team roping. High School they have qualified every yr in the tie-down. Tater has made the trips Nationals; he hauls, stalls & works amazing. He can work on the ranch; sorting, doctoring, trailing or just riding to check cattle. He's sound, low maintenance and ready for his next cowboy or cowgirl. Tucker is graduating and will not be rodeoing. Every picture & video of him is on facebook page Kelly Tara Turbiville under Scamps Red Lanty "Tater". FMI (701) 449-6428

Thunderhead aka "Big Thunder" is an outstanding, young, flashy gelding with a tremendous amount of athleticism & talent. He is quiet & gentle to be around. His sire was a 16h APHA stallion known for dispositions & athletic ability while his dam was a talented cutting mare. Unfortunately, when purchased as a weanling I was not able to obtain paperwork for papers, but know the pedigree. Since 2 he has had nearly 6 months of training with the Moreland's of Red Owl, SD where he was used for basic ranch work & starting on roping. He has been used on our ranch, but we can't give him the time he needs to take him to the next level. Thunder is great for trimming, trailering and gets along with other horses. Bully is a gentle giant. He is a solid, fun to run barrel horse. He is a hone stg push style, easy going at the gate and easy to ride when is tip top shape (which requires a lot of riding, because he is an easy keeper). He will run in the 2D but on average he is happiest to run in the 3D. He would make a great confidence builder or a step up barrel horse. He is also started in the poles. We have used him on the ranch; trailing, sorting & is pretty cowy. He covers country & handles the badlands. He is super at opening gates on & will stand next to anything to let you back on. We have roped the calf sled & pasture breakawayed on him. Or if you just want to go on a joy ride he is great for that too. He is smooth & has a rocking chair lope. Zorro has been the kid's main horse for the past 5 years. We purchased him in 2020 and ever since, the kids have used him all over the ranch and in the arena. He neck reins, stops really well, crosses water, draws and been through rough mountain pastures. In the arena we have used him in the barrels, poles, goat tying and flag race. We have used him to drag calves to the fire and he pulls all day like a big horse. He will travel the speed of the rider. FMI (307) 620-1035

Will go all day and not shy away at anything. If you're looking fro a seasoned head horse to go win on right now or something to take outside this is him. This horse will fit anyone & would make a great beginner to jr high horse but yet still has all the run for the higher number ropings, he wouldn't be for sale if we didn't have young prospects coming up.

If you want a pony with personality, grit and just enough to keep life interesting here she is. She's the definition of "fun-sized" with opinions. She's been ridden all over pastures, hills, water, around equipment, with dogs and handles it all like she owns the place. She's not mean just a little sassy and she's the kind that teaches kids how to ride and not just sit there. She takes care of her rider but she also expects you to show and mean it.
