

Reds in the **GREEN HILLS**

Saturday, April 16, 2022 at 1 p.m.

Sale Location: JS Ranch • Harris, Missouri

Welcome

to the beautiful green hills of northern Missouri!

Nathan and Carrie Rogers Family

Cody and Jessica Holt Family

On behalf of the entire TEAM, we are excited to invite you back to the beautiful JS Ranch for our third production sale.

As you look through this catalog, we hope you will notice there is something for everyone. We are offering a strong set of 12 - 18 month old purebred and percentage Red Angus bulls, along with two Red Simmental and four Black Angus cross bulls. We are offering a wide variety of females in this year's sale, which include registered and commercial, spring bred, pairs, 3-in-1 packages, fancy show heifers, and open heifers ready to breed.

As you sort through the strong and stout set of bulls, you will find several sire groups from some of the top bulls in the country. This will allow you to put together a bull battery that will produce a more uniform set of offspring. Our breeding program places a strong emphasis on fertility, structure, gain ability, longevity, udder quality, carcass quality, and most of all profitability. We have tested all of our bulls for the past 20+ years on Purina Limited feed rations for 40-90 days to condition them just right for our customers. We were very pleased with the ADG on these sets of bulls. This is a sound, gentle set of bulls ready to go to work.

All of the open females have been pelvic measured and tract scored with pre-breeding vaccinations and are in perfect condition to breed. We believe in a strong mineral program and our cattle have proven to do well on fescue in our midwest environment. Something I like to say is, "Once you see our cows, you'll want to use our bulls!"

We look forward to seeing you on April 16th! If you can not attend, bid and view our sale online at www.dvauction.com! Thank you to all our many bull and female customers! God has truly blessed us and we know that these cattle will be an excellent addition to your operations!

Sincerely,
Rogers Ranch and JS Ranch

Sale Team

ROGERS RANCH

is located in the beautiful green hills of North Central Missouri. The farm has been in the family for over 170 years. Raymond and Becky were blessed to come home to the family farm where they raised their three children. Nathan and Carrie's children are the 7th generation to grow up on the farm! Cattle have always been part of our farm life. We have been selling performance tested bulls for over 25 years.

Nathan Rogers: (660) 748-6350 • Raymond Rogers: (660) 953-1562

JS RANCH

One of the most balanced herds of functional commercial Red Angus cattle in the state can be found on the JS Ranch. The Holt family has been using some of the best bulls in the Red Angus breed for years and are rapidly growing their registered purebred Red Angus herd using both AI and Embryo Transfer.

Jim & Shelly Holt • Cell: (660) 953-1081 • Cody & Jessica Holt • Cell: (660) 748-8352

HEDGEWOOD CATTLE COMPANY

located in Winterset, Iowa maintains a small, high-health, closed herd consisting of Simmental/Red Angus half-blood cows managed on a strict intensive grazing program. Hedgewood knows the value of a quality artificial insemination regime and uses only the best clean-up bulls. Hedgewood Cattle Company is owned and operated by Kelly and Leah Daniels. Our goal has always been to raise sound, productive cattle through industry best practices in genetic selection, animal health, nutrition, environment and management.

Kelly & Leah Daniels • (515) 851-9194

Sale Format...

Cattle will be available for viewing in pens beside the barn. Please plan to arrive early to have plenty of time to view cattle. Cattle WILL NOT be run through the sale ring. Videos will be shown during the auction!

H0278 was our choice to start off this years sale. His sire JSWO Stockman F101 has been used extensively in both RGRS and JSWO herds and has produced fast gaining, heavy muscled yet attractive progeny. H0278 is strong topped, long bodied, and offers many of the same characteristics that we appreciate from his sire. He rocked our 48 day test with an ADG of 5.5 lbs/day! He ranks in the top 30% for Herd Builder with a well balanced set of EPD's to match. His dam sired by the historical BJR JR 107 boasts an MPPA of 101.

JSWO H108 is a nice Justice son out of a Trend Setter daughter. His dam consistently produces one of the best calves of the JSWO herd every year. H108 is a sound footed, easy moving bull that offers a balanced set of EPD's. He is an excellent choice for a growth bull with a great cow family behind him. His dam has an MPPA of 102.

RGRS H0262 is a POWERHOUSE calving ease sire with excellent birth to yearling spread ranking in the top 15% ProS and 9% GM. Along with an exciting set of EPD's, he is structurally sound and bold from the ground up with adequate bone and loads of muscle shape and dimension. Safe to use on heifers yet powerful enough to cover cows! Retaining 1/3 semen interest.
