SELLING: 60 YEARLING BULLS 40 Angus & 20 Horned & Polled Hereford and 9 Registered Hereford Heifers

DISCOUNT ON CATTLE HAULED HOME SALE DAY

\$50 for bulls, \$25 heifers

We cordially welcome you to our 57th Annual Production Sale. We place great value on the many friends and customers we have developed over the many years in the seed stock business. The cattle business is in very exciting times. In our breeding program we have always stressed profitability. We have tried to concentrate on the important traits in a cow calf operation, on raising cattle with good fertility, milk, soundness and pounds. Our program is built on using the top proven AI sires across the country. I feel this is our strongest sale offering to date. The bulls run deep in quality. At this sale buyers will have the opportunity to sort through many stout, thick made bulls with breed leading EPDs, and many half brothers can be found.

All bulls are guaranteed breeders. No other guarantees are offered or implied. Should they fail to be breeders notice must be given within five months. Seller reserves the right to try said animal

Visit our website for videos

www.krethcattle.com

for six months, if it proves to be a breeder will return it to the buyer at buyers expense. If a bull proves to be a none breeder, another bull of similar value will be provided or credit towards the purchase of another bull in next years sale. If the replacement bull is purchased at a lesser price, he will never the less constitute full replacement and settlement of the account.

Health papers if needed. Any death or injury after the animal is sold is at the buyer's risk. Injury or death of bulls left at the farm after the sale will not be our responsibility.

LIABILITY— We do our best to prevent any accidents, but we will not be responsible for any accidents that could occur if you are attending the sale. You attend at your own risk.

EPDs current as of 1/10/22

Yearling Angus Bulls

LOT 1

K NO DOUBT 122J

This calf is out of a No Doubt son that we bought from Connealy Angus Ranch. The sire is a good looking bull with big time EPDs. Mother is an eleven year old cow that raised another good one. This calf is meaty, long bodied, and stylish.

Lot 1

An extremely eye appealing low birth weight bull that we used on heifers. A bull that is in the Select Sires Program. His calves have lots of eye appeal and his daughters are among our best.

Hereford Sire

This bull gives you the look and the numbers that a lot of cattle-men like. He is thick topped, real deep sided and has width into his quarter. He is correct in his structure and shows lots of extra volume, he also sired the Denver Champion, his son the 308F. Lots of good things from easy calving to easy fleshing.

Hereford Sire

311 was used heavily in the NJW program with much success. Sired one of the top selling bulls in their sale last year. Our calves out of this bull are stout made and very attractive females that should make good brood cows.

Yearling Hereford Bulls

Horned. Heifer's first calf. A calf with a lot of pounds, should have a good outcome to him.

Following ultrasounding, updated carcass EPDs and performance data will all be posted online and also available in a supplemental sheet sale day.
