THE OFFICE Connection

By Allicia Horn

It's hard to believe that we are almost into summer; I can't help but feel the year going by too fast already. So far this year, we have seen some outstanding cattle at the spring shows and several cattle sales bringing good prices. As you prepare for sales or shows, make sure your papers are correct; tattoo/tags are correct on the papers, and that ownership is listed correctly. Make sure you're providing testing results and, if cows have been flushed, to sales staff, to ensure transparency to buyers.

If you are a youth, keep in mind the August 1st deadline for transfers so that you don't miss out on showing this fall. Another item for the youth to keep in mind is regarding alternate leadsperson forms. A youth cannot use the form for leased animals, as those are project animals specific to the lessee. An additional item to keep in mind is that if you have a cow in a milking class, you should submit production records to the office for the National shows this fall to ensure you are eligible for production awards. If you have questions, check out our production rules on the website or contact the office.

At World Dairy Expo, we are offering a Heifer Genomic Merit award that showcases showing and genomics. This award is based on a combination of genomic PPR, genomic NM\$, and the show placing. To be eligible for the award, the

exhibitor must send the complete genomic test results for their animals to the National Brown Swiss office by September 1, 2026. The winner will be selected from only the entries that are submitted to the National office.

In preparation for the National Convention in Iowa, the association has dedicated this issue to showcasing production and our youth contests. We had a strong outpouring of youth who applied for the youth contests this year. The connection that the youth have to the Brown Swiss cow is outstanding. A recap of the National Convention will be covered in the next issue of The Bulletin, but we hope you will join us in Iowa.

As always, the National office is here to assist with all requests and looks forward to interacting with you all.

Until next time,

Allicia Horn

Executive Secretary

BSCBA Mission Statement

To promote and expand the Brown Swiss breed with programs that assist the membership and industry to compete favorably in the market place now and in the future.

***"The extra value of Registered cattle can only be realized when they are, in fact, Registered."
We will help you with that process.***

the PRESIDENT'S MESSAGE

It is hard to believe that two years have come and gone. This will be my final President's column. Looking back, I am grateful for the friendships, experiences, and opportunities that have come with serving this organization. It has been a rewarding journey, and I appreciate the trust our members placed in me along the way.

When I was elected President, one of my goals was to bring greater transparency to our organization as we worked through changes and prepared for the future. As a board member, I had a front-row seat to what was happening within the association each month. As a member, however, that same information was often harder to access.

Some board members use social media to share updates. Others answer questions when members reach out. Our former Executive Secretary occasionally included meeting highlights in his Bulletin article, but not on a regular basis. While the annual meeting provided an opportunity to catch up, not everyone attends convention anymore. As our lives and routines continue to change, our organization must adapt as well.

That is why I began writing a monthly President's Message for the Bulletin. My hope was that it would help keep members informed about what their board was discussing and the direction of the association. During my first year, I also featured each Board Member with a full-page biography. This served two purposes. First, while members within each district generally know their own representatives, they may not know board members from other parts of the country. These profiles provided an opportunity to learn more about the people serving the association. Second, the biographies helped provide additional content and support for the Bulletin. I hope both efforts proved worthwhile and helpful to our membership.

Since our last published Bulletin, the board has held two meetings. As always, we began by reviewing the minutes from the previous meeting and our financial reports. I am pleased to report that our finances continue to track closely with budget expectations.

Among the topics discussed was whether lessees should be eligible for scholarships, which currently require junior membership. After discussion, the board voted to maintain the existing scholarship requirements. We also reviewed upcoming changes from the Council on Dairy Cattle Breeding (CDCB), which plans to move to a single-step evaluation process beginning in 2027. Our Genetic Committee will continue evaluating these changes and make recommendations regarding how we should adapt to this new method of data transmission.

Executive Secretary Allicia reported that another organization has

expressed interest in sharing booth space at World Dairy Expo. She will continue researching the idea and report back to the board on whether it would be beneficial for both organizations. Allicia also provided an update from the latest Purebred Dairy Cattle Association (PDCA) meetings. One of the primary discussions centered on creating greater consistency among youth program rules across breeds. Transfer date alignment was one example. Greater uniformity would simplify participation for families showing multiple breeds and reduce unnecessary complexity. Finally, we reviewed plans and preparations for our upcoming annual convention in Iowa.

On a personal note, it was never my intention to be a one-term president. However, a friend once told me that most people do not regret the things they have done in life. They regret the things they chose not to do. When the opportunity arose to run for the California State Assembly, I spent considerable time weighing the decision. In the end, I realized it was an opportunity I could not pass up. Pursuing that path means stepping away from a second term as President. Quite simply, there are not enough hours in the day to do both at the level of commitment I expect from myself.

I have said many times that our organization must continue to evolve in order to remain strong and relevant for future generations. During my time on the board, we have made a number of changes to help move that process forward, and I know that work will continue.

I want to thank the two Presidents I served under, Richard Sparrow and Tom Portner. Their leadership helped lay the foundation for many of the changes we have made. I also want to thank my fellow board members and our staff for their dedication and commitment to the Brown Swiss breed.

Serving this organization has given me friendships and memories that will last a lifetime. It has been an honor to serve on the Board of Directors and as your President. I am grateful to the members across the country who placed their trust in me and gave me the opportunity to lead this association.

I have given this role my best effort, and I am proud of what we have accomplished together. Now it is time for the next group of leaders to continue moving the association forward. Lastly, I want to thank my family for their support and for allowing me the time away from home to serve in this role. I could not have done it without them.

*With pride and appreciation,
Brian Pacheco*

YOUTHSPOTLIGHT

As my year serving as the 2025–2026 National Youth Brown Swiss Ambassador comes to a close, I find myself reflecting on an experience that has truly shaped me both personally and professionally. This role has been so much more than a title—it has been a journey filled with growth, connection, and unforgettable memories. Looking back, I remember sharing my goals of connecting with youth, promoting the Brown Swiss breed, and representing an organization that has given me so much. From that point on, those goals quickly turned into real experiences that pushed me outside of my comfort zone and helped me grow in ways I never expected.

Throughout the year, I had the opportunity to travel, meet incredible people, and be involved in events that showcased the passion behind the Brown Swiss community. Whether it was attending shows, helping with youth activities, or simply having conversations with younger members. This experience was eye-opening as the position urged me to talk to people from all different backgrounds and learn about their procedures and goals of their farm or workplace. Every moment reinforced how special this industry truly is. None of this would have been possible without the support of so many people. I am incredibly grateful to the Brown Swiss Association and all those involved. A special thank you to the junior advisor, Kaylen, for supporting me when the workload became

heavy as the only ambassador. Also, to my family, thank you for covering for me when I was at the shows or being by my side. Your guidance and support made this year not only successful but unforgettable.

As I step away from this role, I do so with a full heart and a sense of gratitude. This experience has prepared me for future opportunities and has strengthened my passion for the dairy industry. While my time as ambassador is ending, my involvement and dedication to the Brown Swiss breed certainly is not.

To the next ambassador, embrace every moment. Take the opportunities you're given, step outside your comfort zone, and remember the impact you can have on others.

I hope to see you all at the National Brown Swiss Convention! The 2026 National Brown Swiss Convention, hosted by the Iowa Brown Swiss Association, will take place July 6–10, 2026, at the Linn County Fairgrounds under the theme “A Century of Influence.” The convention

kicks off on Monday with the arrival of staff and cattle and registration. Tuesday includes board meetings, registration, junior interviews, and concludes with a 100-year Iowa Brown Swiss celebration. Wednesday features farm tours, youth activities like Bovine Olympics, and the Youth Awards Banquet. Thursday focuses on awards, educational demonstrations, the annual meeting, and the national sale. The convention wraps up Friday with the National Youth Heifer Show. Good luck to everyone, and I look forward to seeing you there!

Animal Grant Bio

NOLAN KRUGER

My name is Nolan Kruger, and I am a 17-year-old from Wabasha, Minnesota, with a strong passion for the dairy industry. I help operate our family's third-generation dairy farm, where we milk approximately 50 Brown Swiss cattle alongside my dad. Growing up on the farm has given me responsibility and a work ethic.

I am involved in raising and showing Brown Swiss cattle, including purchasing a heifer or cow annually from the Minnesota Brown Swiss State Sale in St. Charles. I have exhibited my animals at both the Wabasha County Fair and the Minnesota State Fair, where I have developed skills in animal care, genetics, and showmanship.

On the farm, I contribute daily by mixing feed and am currently taking on calf feeding responsibilities. I am motivated to continue building my skills as I take on a larger role in our operation. To further my education, I plan to attend the University of Wisconsin River Falls Dairy Short Course. I want to learn AI and preg-checking to improve herd health. This will help make our farm successful.

I participate in football, wrestling, and 4-H. I also transport cattle for others. My goal is to become the herdsman of our farm and continue as a fourth-generation dairy farmer.

YOUTH PRODUCTION AND CHEESE YIELD AWARDS

The Youth Production Contest recognizes an individual whose cow reaches the highest deviation from herdmates within a 305-day period. To be eligible, the cow must have calved within the past year and have completed the lactation entered in the contest. There were 10 contestants this year. The overall winner is recognized at the national convention and receives a \$200 cash award; district winners will receive a \$50 cash award.

2025 Youth Production Contest

District	State	Owner	Cow	Reg Number	Cow Milk	Cow Fat	Cow Protein	Cow ECM	Herd Milk	Herd Fat	Herd Protein	Herd ECM	Deviation

The Cheese Yield contest honors the junior members whose cows produce the highest cheese yield during a 30-day period. This program emphasizes the fact that Brown Swiss milk is ideal for cheesemaking due to its high protein content and ideal fat-to-protein ratio. Since many dairymen are paid on a component-merit basis, this program exemplifies the value of Brown Swiss milk. There were 9 contestants this year. The overall winner is recognized at the national convention and receives a \$200 cash award; district winners receive a \$50 cash award.

Junior Youth Achievement Finalist

TENLEY CHITTENDEN

Tenley Chittenden is an eighth grader at Middlebury Union Middle School from Shoreham, Vermont. She's passionate about agriculture and loves being a youth Brown Swiss enthusiast, growing up on her family's dairy farm. The farm has 2,000 cows, and they milk 120 registered Brown Swiss. Tenley is proud to call the Perry Brook prefix her own and spends a lot of time caring for her herd and learning hands-on about dairy farming.

She's very involved in 4-H, where she's learned leadership skills, gained experience, and made great connections in the agricultural community. In 2025, she and a team of fellow Vermonters won the 4-H Junior Clipping Contest. She also enjoys clipping cattle at home, at shows, or helping friends get their animals ready.

Sports are a big part of life too—she plays basketball, field hockey, and lacrosse. Her basketball team had an undefeated season, and her travel team won the Vermont state championship for their age group. On weekends, when she isn't on the court, you'll likely find her skiing.

Tenley loves showing her Brown Swiss at fairs and other events, taking pride in presenting her animals and learning more about the breed. Looking ahead, she hopes to bring her own string to shows independently, exhibit at World Dairy Expo, expand her show barn, and board heifers for other breeders. Eventually, she plans to take over her family's farm and keep building on the strong genetics her family has worked hard to develop.

With a love for farming, sports, and 4-H, Tenley balances school, farm life, and activities while learning, growing, and having fun along the way.

PAIGE CONLEY

Paige Conley is the 15-year-old daughter of Chris and Brenda Conley from Neosho, WI. She also has an older sister, McKayla. Paige has been a National and Wisconsin Junior Brown Swiss member since 2024 under her own farm name/prefix, High-Hills Genetics. She owns a Brown Swiss cow and two Brown Swiss heifers, along with a Holstein cow, a Normande cow, and two Normande heifers. She shows her Brown Swiss at the WI

Canton 3 Show and at the Dodge County Fair. Her personal goal is to one day show at the World Dairy Expo. She also shows heifers at the North American Normande National Show and the Washington County Fair. Paige helps on her family's farm, High-Gem Holsteins & Normandes. She is in charge of feeding cows, heifers, and calves, bedding heifers, taking cows out to pasture and bringing them home, getting the milk house ready for milking, and helping her dad get the pastures ready for the milk cows.

Paige is a sophomore at Hartford Union High School. She is a member of the Hartford FFA, the Neosho Utopians 4-H Club, where she is the current President, Dodge County 4-H Horse and Pony Project, National and Wisconsin Junior Holstein, and the North American Normande Association. Besides working on her family's farm and showing heifers, Paige also competitively shows model horses and likes making TikToks. Her future career goal is to become a large animal vet tech.

MIA FORMAN

My name is Mia Forman, and I am from Loyal, Oklahoma. I am very involved in the dairy industry, especially with the Brown Swiss breed. I am an active member of the Oklahoma Junior Brown Swiss Association and currently serve as the Junior Member Reporter for 2026–2027. I was honored to serve as the Oklahoma Junior Brown Swiss Queen for 2025–2026 and previously as the Oklahoma Junior Brown Swiss Princess from 2023–2024. I have also had success in the show ring, earning awards such as the Oklahoma Bell Ringer 3

Year Old in 2025, Reserve Oklahoma Bell Ringer Summer Yearling in 2025, Reserve Supreme Bred and Owned Heifer at the Sooner State Dairy Show in 2025, and placing first in Intermediate Showmanship at the Tulsa State Fair in 2024 with Vada. I am also a member of the Brown Swiss Cattle Breeders' Association of the USA, American Jersey Cattle Association, and Holstein Association USA, and I serve as secretary for the Oklahoma Jersey Youth Association. In the future, I plan to attend Oklahoma State University to become an elementary teacher, and I hope to incorporate agriculture into my classroom so students can better understand where their food comes from. Outside of agriculture, I enjoy playing basketball, making videos on TikTok, spending time with my friends, working with my cows (especially Vada), listening to music, playing the piano, shopping, and drawing. One day, I also hope to own a pink Jeep Wrangler.

Junior Youth Achievement Finalist

BLAKE HILL

My name is Blake Hill, and I am from Cattaraugus, New York. I am 14 years old and the son of Darin and Katie Hill of Hills Valley Farm. I bought my first Brown Swiss animal in 2020. I currently own eight Brown Swiss of my own, am in partnership with eight more Brown Swiss, own ten Red and White Holsteins, and one black and white Holstein. I started showing for my family when I was seven years old at the county fairs. They let me lead my first animal at the Eastern National in 2019 in the open show. Since then, I have improved my showmanship abilities and have made many memories leading great heifers and cows that stand at the top of their classes at local, state, and National shows. I was the Junior Class Showmanship Winner at the Southeast National in 2025. In 20' and 21', my heifer, Hills Valley AB Frozen, was the state bell ringer winner. In 2022, a heifer that I leased, Hills Valley Powerball Whopper, was named Winter Heifer State and National Bell Ringer. In 23', one of my partnership cows, Jenlar FC Windmill ETV, was Reserve National Bell Ringer and Nominated All American Summer Junior Two-Year-Old. In 2024, my partner cow, La Rainbow Sweet Sangria, was National Bell Ringer Summer Jr. Two-year-old, and in 2025, Jenlar HV Rampage Winstorm was Honorable Mention Bell Ringer Summer Jr. Two-year-old. My involvement in the dairy industry includes being on a dairy bowl team, a member of the Cattaraugus Junior 4-H Dairy Judging Team, a member of my local 4-H club, and a member of my local FFA Chapter. I am an active State Brown Swiss Member. On the farm, I work with heifers before the shows to get them to lead and watch their diet, help milk, feed calves, and perform other daily chores. My future goals are to grow my herd of Registered Brown Swiss and Red and White Holsteins. In my spare time, I like to play baseball and basketball.

DAKOTA VOEGELI-PAULSON

I have been a National Junior member and a WI Junior member since I was 8 years old. I exhibit at county, state, and national shows exhibiting my Brown Swiss. I participate in annual meetings, the Bell Ringer contest, and youth activities at the State Show, and last year led animals at the National Convention Sale.

In the dairy industry, I belong to 4-H, Jr Holstein, Jr Ayrshire, Jr Guernsey, and Milking Shorthorn Associations. I am on the Holstein Dairy Bowl team. I serve as a Mentee on the Jr Ayrshire board.

My future goals include continuing my involvement in the junior groups and taking on officer roles as I get older. I really like going trucking with my dad, so I want to be a semi driver in the future. I also want to get my tractor safety certificate when I turn 12, so I can help do more machinery driving for our farm and my neighbors.

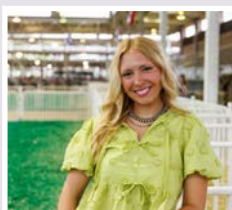

Hobbies include trucking with my dad, collecting little farm toys/semi trucks, and making TikToks.

Scholarship Bios

LAUREN BENFER

I am Lauren Benfer. I live around Longford, KS. I Currently Serve as the Kansas Brown Swiss Queen. I have been able to show Brown Swiss at a County, State, and National level. I am very involved in the dairy industry, where I can promote Midwest dairy products. I plan on attending Southeast Community College in Beatrice, Nebraska, and Plan on Majoring in Livestock Management and Production. I am not for sure what I want to do afterwards, but I do want to come back to my family farm and continue showing. Some of my hobbies include riding my horse, Kira. I also show goats in the late spring and summer. I am very involved in my local FFA and 4-H.

JILLIAN HANSON

My name is Jill Hanson, and I am from La Porte City, Iowa. As a Senior at Union High School, I am extremely involved in 4-H and FFA. Growing up, my grandparents owned a Brown Swiss farm. This led me to exhibiting Brown Swiss cattle for the past nine years. Each year, I have one Brown Swiss project heifer that I raise from a calf and show for two years. I truly enjoy exhibiting Brown Swiss cattle with my family at the Iowa State Fair. These experiences have grown my exposure and involvement in the dairy industry. Outside of the dairy industry, I love showing sheep and livestock judging. I truly have a deep passion for the livestock industry. Next year, I will be attending Iowa State University to major in Animal Science. My eventual career goal is to become a Large Animal Veterinarian with a focus on ruminant reproduction. I am hopeful that my career will continue my involvement with the dairy industry!

KELSIE BRITTON

My name is Kelsie Britton, and I am from New Lyme, Ohio. My family dairy farm, Alfa Creek Farms, is located in Andover, Ohio, where we own 125 registered Brown Swiss heifers and cows. I have shown Brown Swiss cattle at my county fair every year through 4-H from 2011 to the present, at the Ohio State Fair in 2024 and 2025, where my cow won reserve grand champion and intermediate champion in 2024 and grand champion of the junior show in 2025, and I work on our farm almost every day while not at college. I was the National Brown Swiss Cheese Yield winner in 2024 and the District 3 winner in 2025. I have also been an active member of the FFA and 4-H for many years, where I was the President of my 4-H club and the President of the Pymatuning Valley FFA chapter in 2024-2025, in which I constantly promoted the Brown Swiss breed and the dairy industry. I was a member of the Ohio 4-H Dairy Judging Team in 2025, where I learned many new things about the dairy industry and made many connections as well. I am continuing my passion for agriculture and the dairy industry by attending The Ohio State University and pursuing a degree in Agribusiness and Applied Economics, which I plan on using to help manage my mom's side of the family's dairy farm and my dad's side of the family's grain farm. Some hobbies of mine include showing dairy cattle, skiing, reading, and running. In the coming year, I hope to get more involved in the Brown Swiss youth association and show in larger shows.

BRODY JACKSON

My name is Brody Jackson, and I live in Spencerport, New York. I graduated from Spencerport High School in 2025 and am currently attending Monroe Community College to earn a degree in Business Management. My future goal is to be the chief operating officer in my family's business, Jackson Welding, where we sell welding hard goods and compressed gases that are used for several different things, but especially in the agriculture industry. At this time, I am working full-time at the company, along with taking college classes. I started my Brown Swiss journey in 2021 when I purchased my first calf at Hills' Valley Farm. One week later, I took her to the Spring Dairy Carousel in Hamburg, New York, and worked alongside the Hill family while they prepared and showed their animals, as well as helped me with mine. In the fall, I returned with them to the Erie County fair and have been working alongside them ever since.

My passion and skills have developed immensely while traveling with the Hill's family. I have learned how to clip heifers and cows as well as prepare them for the final touches before the ring. I have gained knowledge on diets for show animals and how to manipulate their appetite for the shows. I have grown and gained far more awareness of all the behind-the-scenes of show cattle that I never thought I would. I have been very appreciative of all the opportunities the Hills have given me and am excited to continue our adventure. My hobbies include clipping cows and working hard so I can invest in more high-quality Brown Swiss cattle.

CARTER KIBLER

I am a Kibler. A 5th-generation farmer in Lordstown, Ohio. My father, Garry, along with his brother, milks 315 cows and raises all their own replacements on a 700-acre farm in Northeast Ohio. Roughly about 32 animals of the milking herd are my Brown Swiss. Having Swiss in the herd came from my grandmother, Rita, who fell in love with them over 35 years ago. When she passed from metastatic breast cancer in 2011, my parents claimed the Swiss herd for me as they were the only cows I gravitated to. We started "Cart-A-Rita" Brown Swiss in 2016. I am a senior at Austintown Fitch High School, and I plan to attend a 4-year college to major in an undetermined major.

As the way of most farm kids, I have helped milk cows, feed calves, bed pens, and fix things that break. We recently put in a show barn at our house, and I helped with the design and layout. I have been a member of the Trumbull Co Dairy Judging Team since I was 5. In November of 2022, I had a Summer Yearling place 2nd in the Junior Show and 3rd in Open at NAILE. We hope to reproduce and improve on that in the future, but sports and high school came first in the past few years.

When I am not in the barn, I have focused on soccer and competitive swimming. I have a 3-year letter in varsity soccer. All-district midfielder for our Division I soccer team, which made it to district runner-up in 2024. Also a 4-year letter winner in swimming, making districts all 4 years in my 200 individual medley and 100 backstroke events. I was named AAC champion, sectional champion, and placed 8th at our district meet for 200 IM. Missing states was tough, but I am currently at YMCA Nationals in Greensboro. While I am here, 2 of my heifers are with friends at Spring Dairy Expo in Columbus, Ohio, to see how they stack up to others around the state.

PAIGE KNOTT

My name is Paige Knott, and I am from Martinsburg, West Virginia. I have been actively involved with the Brown Swiss breed through my work on our farm, where I help care for and manage our dairy cattle. Working with Brown Swiss has given me hands-on experience in feeding, health monitoring, and daily care, and I have come to appreciate their calm temperament and strong milk production. Along with my involvement with this breed, I am also deeply connected to the dairy industry as a whole. I assist with daily farm tasks such as milking, cleaning, and maintaining a healthy environment for our animals, which has helped me develop a strong work ethic and understanding of what it takes to run a successful operation. Looking ahead, my future goals include continuing my education in nursing to provide a living so I can include my love for agriculture, whether that means managing my own herd, working in dairy production, or contributing to the industry in another way. Outside of my responsibilities, I enjoy spending time outdoors, staying active, and continuing to work with livestock. I also enjoy participating in agricultural activities and programs like FFA, where I can grow my leadership skills and connect with others who share similar interests. Overall, my experiences have shaped who I am and continue to

MAKENNA MASE

I am Makenna Mase, the eighteen-year-old daughter of Garrett and Maggie Mase, and the oldest of three children. Together as a family, we own and operate a small dairy farm in Cochranton, Pennsylvania. I play varsity basketball and softball while being a member of the National Honor Society, Student Council, and Spanish Club. Before school, I complete morning chores as I juggle club meetings, sports practices, and games in the afternoon. I help with feeding, milking, and cleaning pens. Currently, we only milk a few cows and raise our own calves and heifers.

In late June of last year, I was appointed as the 2025-2026 National Brown Swiss Youth Ambassador. Over the past year, I have managed social media pages, written Bulletin articles and newsletters, and represented the organization at several national shows. Through this position, I had the opportunity to network in both the Brown Swiss and dairy industry.

The past few years have supplied us with a surplus of amazing moments both in the show ring and in the barn. Mases Manor Grandslam Love –EX 94, –3E was born in March of 2013. Love and I made our colored shavings debut in 2018 when I was ten years old. She then made her next appearance in 2021, where she was named Reserve Grand Champion of the Brown Swiss Junior Show at World Dairy Expo. In 2023, Mases Manor Lethal Weapon was the Junior Champion of the Premier National Brown Swiss Junior Show and gave me my first supreme pageant experience at a national show. This past year, Mases Manor Made For Most gave us our first All-American Nomination. Through the Brown Swiss breed, I have made so many wonderful memories, rewarding friendships, and exciting connections.

This upcoming fall, I am attending Penn State Behrend for one year and then finishing my college education at Penn State University, Main Campus, for a degree in Animal Science and Ag-Business. I plan to do as many internships and experiences as I can. Going forward, I intend to surround myself as much as possible with a variety of successful people within the industry.

DANICA RUPARD

My name is Danica Rupard, and I am from Ephrata, Washington. I have been involved in the dairy industry for most of my life and have developed a strong passion for dairy cattle, particularly the Brown Swiss breed. Through working with and learning about Brown Swiss cattle, I have gained an appreciation for their durability, longevity, and consistent production. Being involved with the breed has also connected me with a supportive community of breeders who are committed to improving and promoting Brown Swiss cattle within the dairy industry.

Beyond my involvement with Brown Swiss, I remain active in the dairy community through organizations such as the Washington State Junior Holstein Association, where I serve as an advisor and coach for a Dairy Quiz Bowl team. This role allows me to mentor younger members and share knowledge about the dairy industry while giving back to a program that had a meaningful impact on me growing up.

I am currently pursuing a degree in Business Analytics and Information Systems at Eastern Washington University. My future goal is to work with dairy technology companies to help improve the systems producers use to manage herd data, production records, and herd health information. Outside of dairy, I enjoy reading and participating in my university's book club, exploring the outdoors with EPIC Adventures, and continuing to expand my knowledge through the EWU Analytics Club.

DARRIN VANDER MEULEN

I am Darrin Vander Meulen from Grandview, WA. Growing up on my family's dairy farm, I developed a strong work ethic and a passion for agriculture. At six, I began feeding calves and driving a tractor, quickly gaining hands-on experience with farm equipment and daily chores. After school, I often help prepare fields or care for animals, deepening my love for farm life and my desire to continue our family tradition.

My involvement with the Brown Swiss breed began when I bought my heifer Moolah in 2022. Training and showing her inspired me to start a small Brown Swiss herd. Since then, I've raised and shown Moolah, her calves Mocha and Milly, and Mocha's calf Minnie. While not every plan worked—like having to sell Milly after learning she was a freemartin—these experiences taught me perseverance, responsibility, and the realities of dairy farming.

In addition to farming, I enjoy participating in 4H and FFA, where I show my cattle and learn more about agriculture. Looking ahead, I plan to study agricultural technology to gain new skills and return home ready to lead our family farm into the future. I am grateful for my family's support and excited to continue our legacy in the dairy industry.

PEYTON VOEGELI

My name is Peyton Voegeli. I am the 18-year-old daughter of Colt & Nikki Voegeli. I reside on a small hobby farm in Poynette, Wisconsin. I will be graduating from Poynette High School and plan to attend the University of Wisconsin-Platteville, majoring in Environmental Horticulture. When I am not in the barn, I enjoy ballet dance and the unique sport of curling. In my free time, I enjoy being outside, working with plants, and growing my photography skills. I am currently serving a second term as the Vice President of the Wisconsin Junior

Brown Swiss Association. Previously, I served as the 2024 Wisconsin Brown Swiss Queen and was the Wisconsin representative at the 2025 World Dairy Expo International Brown Swiss Show. My involvement with the dairy industry started when I was young, helping at my grandparents' dairy farm. I quickly learned how important advocating for the dairy industry is while at my county or state fair in order to help educate the public. Outside of the show ring, I am active in my local 4-H and FFA. With these organizations, I use my

PRESTON WELLING

My name is Preston Welling, and I am a sophomore at Oklahoma State University, originally from Paynesville, Minnesota, majoring in Animal Science with an emphasis on nutrition. My journey in agriculture began with the "Big Brown Cow," as I have raised and shown Brown Swiss dairy cattle for as long as I can remember. This breed has not only shaped my childhood but has instilled in me the patience and precision required to succeed in the dairy industry.

Professionally, I serve as an assistant farm manager at a NexGen dairy during my time off from school. In this role, I am responsible for the daily health and care of a large-scale operation, managing everything from vaccinations and barn sanitation to bedding and calf feeding. This position has provided me with invaluable experience in high-level dairy management and the importance of consistent, detailed care in a commercial setting.

On my own family's small operation with fewer than 25 head, my involvement is deeply strategic. I am a key decision maker in our breeding program, carefully selecting sires and managing the marketing and promotion of our animals. I take a lead role in our heifers' nutrition, tailoring individualized diets to meet specific show and production goals. This personal involvement has shown me firsthand how proper nutrition serves as the foundation for animal health.

Looking ahead to my 2028 graduation, I plan to become a Dairy Nutritionist and eventually launch my own feed business. I am committed to preserving the foundational traits of the Brown Swiss breed while mentoring the next generation of exhibitors. Beyond the barn, I lead as the incoming President of the Oklahoma State Cornhole Club. My mission is to combine my expertise with my lifelong passion for the Brown Swiss breed to ensure a sustainable future for dairy farmers.

DANICA STELLO

I have been involved with showing dairy since my first experience with Little Squirts in 2014. I have shown dairy cattle at county, district, state, and national, and even international level shows such as World Dairy Expo. Through these experiences, I have developed a strong appreciation for herd management, proper animal care, and the dairy industry as a whole.

I was first introduced to the Brown Swiss breed by my cousin and managerial partner. She has provided me the opportunity to work with, train, and show her animals. The Brown Swiss breed has attractive coloring and loving personalities. My gratitude is to the people who support me, guide me, and believe in me.

I grew up in a rural setting, but not directly on a farm. My parents both grew up on working farms, but it feels like I did as well. The family farm is located next to where I live and raise my project animals. The family farm operation includes 3,500 acres of corn and 2,400 acres of soybeans. My 4-H and FFA projects have included dairy and sheep, with dairy being my primary focus.

Beyond the show ring, I am involved in the day-to-day management of dairy cattle at neighboring farms and closely monitor the growth, health, and development of the dairy animals. I am also focused on expanding my knowledge in areas such as feeding programs, genetics, and animal health to support the long-term success of my animals.

Overall, the dairy industry has shaped my work ethic, leadership skills, and appreciation for agriculture. I am deeply interested in continuing my involvement through hands-on experience, education, and organizations that support and promote the dairy industry, as I hope to remain an active and dedicated part of dairy throughout my future.

KOLE TRAPP

My name is Kole Trapp, and I am currently a senior at Blair-Taylor High School. I live in Taylor, Wisconsin, with my parents, Paul and Sarah Trapp, and my younger brother, Beau. My experiences as a student, athlete, and employee have strongly prepared me for further education and my future career plans. Balancing academics, athletics, and part-time work has required dedication, discipline, accountability, and strong time-management skills, all of which will be essential as I continue my education in college and pursue a career in exercise science and sports management. These responsibilities have strengthened my commitment to excellence both in the classroom and on the field.

Maintaining a 3.69 GPA while competing as a three-sport athlete has taught me how to stay focused and motivated under pressure. Athletics has taught me countless life lessons, like leadership, teamwork, perseverance, commitment, and respect for my coaches, teammates, and competitors. I have played football, hockey, and baseball during my high school years. In football, I led the conference my junior year in tackles for loss and sacks, as well as led the conference my senior year, and in passing yards and touchdowns my senior year. Being a captain in my senior year required me to hold myself and teammates accountable while leading with integrity and respect. With the support of my coaches, I helped guide the team in a positive direction by setting an example through hard work and commitment.

I play hockey in La Crescent, Minnesota, through a co-op. Having to leave school early every day to make it to practice and games has taught me time management, accountability, and persistence. As a catcher on the baseball team, I have led the state in putouts in my sophomore and junior seasons. I have served as a leader on the field, working closely with pitchers and infielders. This role demands constant communication, teamwork, and respect, as well as a strong sense of responsibility for the success of the team.

Competing in multiple sports has given me firsthand experience with physical training, performance improvement, and injury prevention. These experiences sparked my interest in understanding how the body works and how proper training, nutrition, and recovery help athletes perform their best. All these experiences have led me to focus on a future career in exercise science and sports management.

In addition to academics and sports, working multiple part-time jobs while attending high school has prepared me for the responsibilities of higher education and the professional world. I have worked as a local youth umpire, at Momentum Baseball Academy as a bullpen catcher, at Garden Valley Gatherings as a wedding venue crew member, and as a USA Hockey Level 3 Referee in Wisconsin and Minnesota. Working while attending school and playing sports has taught me accountability, communication skills, and the importance of managing my time effectively.

Growing up on a farm has given me a broader perspective and balance in my life. My family and I own Holsteins and Brown Swiss dairy cattle in partnership with other families. Our show heifers are housed at our farm. My family and I have worked together in caring for and showing them since I was little. I have found that each of my animals has a unique personality. I have helped with and witnessed the birth of a calf, but have also experienced the death of an animal. Being involved in agriculture has provided varied experiences and taught me valuable lessons.

Together, these experiences have shaped my career goals and prepared me for the challenges of college and a future career in the sports and health field. I am confident that the skills I have developed, along with my determination, will allow me to succeed in further education and help me contribute positively to my future profession.

Scholarship Bios

SAIDEE WRIGHT

I am Saidee Wright, and I'm from Loyal, Oklahoma, where my sister, grandparents, and I live on an ex-dairy farm of 12 years. For as long as I can remember, I have been involved with the dairy industry, especially with Brown Swiss. I became a member of the National Brown Swiss Association and the Oklahoma Brown Swiss Association in 2016. Through these, I've had the opportunity to serve as Oklahoma Brown Swiss Queen in 2022-2023 and Oklahoma Brown Swiss Princess twice in 2018-2020. This has allowed me to attend shows

such as the Southwestern National Brown Swiss Show and NAILE. I was also honored to have the opportunity to have eleven Oklahoma Bell Ringers and one Reserve Oklahoma Bell Ringer. This last year, I was also very grateful to be able to start our own Oklahoma Junior Brown Swiss Association, where I serve as the current Oklahoma Brown Swiss Junior Leader. The main goal of this Association is to bring junior members together to make connections that will last a lifetime. On my grandmother's side, I am a 5th-generation dairyman and a 4th-generation on my grandfather's side. On the farm, I own and raise my own dairy herd. This herd is around 30 animals, with the breeds being Holsteins, Jerseys, and the majority being Brown Swiss. This has allowed me to become a part of the National Jersey Association, National Holstein Association, Oklahoma Holstein Association, and the Oklahoma Jersey Association, where I have served as the Oklahoma Jersey Youth Vice President and current Oklahoma Jersey Youth President. After graduation, I will attend Oklahoma State University and major in Animal Science, focused on Pre-vet with a minor in Agribusiness. My main goal is to become either a rural small and large animal veterinarian or an embryologist. At college, I will join the Dairy Science Club along with several other clubs and organizations. Outside of school work and showing, I love being in the outdoors and hanging out with friends in my spare time. I also love to go over and sit with my heifers to relax and clear my mind.

Youth Ambassador Bios

KIELE EBERLING

I am Kiele Eberling, the 19-year-old daughter of Kevin and Donna Eberling. I am currently a sophomore at Northeast Iowa Community College. I will be transferring to Upper Iowa University in the fall to pursue a degree in Elementary Education with an endorsement in basic science. I live in Postville, a small town in Northeastern Iowa. I have been involved with the Brown Swiss breed since birth. Once I learned how to walk, a halter was placed in my hand, and I have been showing ever since. Along with showing, I have been heavily involved in

the Iowa Junior Brown Swiss Association. I represented our association in 2024 as the Iowa Brown Swiss Princess and have received countless Iowa Bell Ringer awards. I am currently on the Youth Planning Committee for the 2026 Brown Swiss National Convention. It will be held in Central City, Iowa. My involvement in the dairy industry extends beyond my experience with Brown Swiss. I grew up and still live on my family farm. Through 4-H and FFA, I have competed in many Dairy Judging competitions, placing both as a team and individually. I am also ending my reign as the 2025 Allamakee County Dairy Princess Alternate. In that role, I have conducted school visits, tours, and events. I have also represented the Allamakee County dairy industry in parades. Through my roles as the 2024 Iowa Brown Swiss Princess and the 2025 Allamakee County Dairy Princess Alternate, I had the opportunity to advocate for the dairy industry, the Brown Swiss breed, and all the benefits they provide to the community and producers. Once I graduate from Upper Iowa University, I plan to stay in Northeast Iowa, teaching while continuing to manage my family's Brown Swiss herd. In my free time, I enjoy baking, reading, traveling, and playing the guitar.

PEYTON VOEGELI

My name is Peyton Voegeli. I am the 18-year-old daughter of Colt & Nikki Voegeli. I reside on a small hobby farm in Poynette, Wisconsin. I will be graduating from Poynette High School and plan to attend the University of Wisconsin-Platteville, majoring in Environmental Horticulture. When I am not in the barn, I enjoy ballet dance and the unique sport of curling. In my free time, I enjoy being outside, working with plants, and growing my photography skills. I am currently serving a second term as the Vice President of the Wisconsin Junior Brown

Swiss Association. Previously, I served as the 2024 Wisconsin Brown Swiss Queen and was the Wisconsin representative at the 2025 World Dairy Expo International Brown Swiss Show. My involvement with the dairy industry started when I was young, helping at my grandparents' dairy farm. I quickly learned how important advocating for the dairy industry is while at my county or state fair in order to help educate the public. Outside of the show ring, I am active in my local 4-H and FFA. With these organizations, I use my knowledge to help teach the next generation about the impact that the dairy industry has on agriculture.

Youth Ambassador Bios

GRACE GUY

My name is Grace Guy, and I am from Newton, Iowa. I've been involved with the Brown Swiss breed for the past 12 years, as I received my first Brown Swiss heifer when I was 6. I have been showing since then, developing my herd along the way. My involvement with the Iowa Junior Brown Swiss Association during that time led me to run for Iowa Brown Swiss Princess. I served in that role from 2025 to 2026, gaining valuable experience working with both the public and producers.

While my focus is mainly within the Brown Swiss breed, I have also run for the Iowa Dairy Princess, which allowed me to interact with other youth who shared the same passion. For the past eight years, I have worked the Boulevard of Dairy Breeds at the Iowa State Fair, promoting the dairy industry. During the two weeks a year I worked there, I was a part of a team that cared for around 20 head of cattle while speaking to consumers about cattle care, how a farm operates, and the journey of dairy products from the farm to the table.

Currently, I am planning on attending Iowa State University, studying Agricultural Education, and intending to become an ag teacher after graduation. I plan to continue my involvement in the Brown Swiss breed and keep developing my herd for my future.

SAIDEE WRIGHT

I am Saidee Wright, and I'm from Loyal, Oklahoma, where my sister, grandparents, and I live on an ex-dairy farm of 12 years. For as long as I can remember, I have been involved with the dairy industry, especially with Brown Swiss. I became a member of the National Brown Swiss Association and the Oklahoma Brown Swiss Association in 2016. Through these, I've had the opportunity to serve as Oklahoma Brown Swiss Queen in 2022-2023 and Oklahoma Brown Swiss Princess twice in 2018-2020. This has allowed me to attend shows

such as the Southwestern National Brown Swiss Show and NAILE. I was also honored to have the opportunity to have eleven Oklahoma Bell Ringers and one Reserve Oklahoma Bell Ringer. Outside of school work, and showing I love being in the outdoors and hanging out with friends in my spare time. I also love to go over and sit with my heifers to relax and clear my mind.

PLAN AHEAD... TO SHOW YOUR PRODUCTION

Production Awards: To be eligible, records must be official DHIR or DHIA records. OS records do not qualify. Records must be at or above breed average for each age class. All lifetime cow pages and test sheets are to be submitted by the breeder. Records must be submitted to the National Office at least 14 days prior to show date. Current record in progress may be used up to 14 days prior to show date.

Component Merit Cow Class: Need to verify cows in this class meet the 8,500# combined fat & protein requirements by July 1 of show year. Must be in milking form and in at least her third lactation.

Total Performance Award: Lifetime cow page must be submitted to the National Office with a postmark date at least 14 days prior to show date. Must have 3 complete 305 or less lactations by July 1 of the current year. Must place in the top 50% of class or in the top 5 if less than 10 in class.

Type and Production Award: Recognizes the cow with the top 305-day Energy Corrected Milk (ECM) record from the National Show. To qualify the entrant

must stand in the top 5 or the top 25% if more than 20 in the class.

Genomic Merit Award: The Genomic Merit Award will be presented to the highest genomic heifer at the National Junior Heifer Show and at the International Show-WDE. The award will be based on a combination of genomic PPR, genomic NM\$, and the show placing. Entrant must stand in the top 50% of their class to qualify and a copy of the genomic results must be submitted to the national office 30 days prior to show date. Send your samples in now to ensure results prior to the deadline.

Junior Ownership: Animals must be transferred into the Juniors name before August 1st of the current year.

All American & Bell Ringer Contests: Entries for the 2026 All American contest are due November 15, 2026.

Entries for the National Junior Bell Ringer contest are due December 15, 2026.

More entry requirements can be found on the Brown Swiss website: www.brownswissusa.com

FRAHMS CONTINUALLY STRIVE TO BREED BETTER BROWN SWISS

By Danielle Nauman

REESE, Mich. — It was the Brown Swiss cow that brought Bryce and Madeline Frahm together, and she is the foundation on which they are building their future, breeding a herd of cows that meet the goals the couple has set for themselves.

“We met at the World Brown Swiss Conference in 2022,” said Madeline. “We were both at the opening dinner of the conference, at Voegeli Brothers — I was from Pennsylvania, and he was from Michigan, and we met in Wisconsin.”

Today the Frahms are chasing goals they continually set for themselves, growing their own 30-cow Brown Swiss herd, within Bryce’s parents’ herd that is primarily Holstein, for a total of 130 milking cows.

Setting small goals then working in the direction of their bigger goals are how the Frahms measure their trajectory in developing their breeding program.

“I’ve always had the mindset, watching the top herds and the levels they achieve at, that if they can do it, why can’t I?” Bryce said. “Early on, I made up my mind that I’m going to get there, so that is what the focus is on — what are those farms doing, that we’re not? And how can we improve? What do we need to change or adapt?”

The Frahms recognize the cow that they feel is key to their success, and to breed that cow, they apply what they call their 3 Ps: profitability, productivity and pretty.

“We want profitable, productive and pretty cows, in that order,” Bryce said. “We’re in a business. Dairy farming is a business, so first you need profitable cows to stay in business.”

The Frahms recognize that in their market, profitability goes

hand-in-hand with productivity.

“We’re in the sector of the industry producing a raw product that can be processed,” Bryce said. “We need the cows to be productive to achieve our profitability goals.”

The final piece of the equation is wanting cows that can look good achieving the first two objectives.

“We’re the ones out there milking them and working with them,” Madeline said. “So we want cows that we can feel proud of and are enjoyable to look at.”

With their compass pointed at their 3 Ps, the Frahms pay careful consideration selecting sires and mating their cows. First on the list are A2 bulls that test BB for kappa-casein.

“We’re in a component market where our milk goes to cheese,” Bryce said. “If we can make a higher quality product, the next person in the supply chain can do more with it. I think someday, sooner than later, we’ll have ways to quickly test and identify milk and bulk tanks for A2 and kappa-casein, so maybe there will be a future premium from the processor.”

The next level of sire selection calls for bulls that are positive for milk, fat and protein. The third tier takes health traits into consideration.

“We want both DPR and productive life to be positive,” Bryce said. “And we put a lot of emphasis on cow conception rate. We don’t want to use anything that is negative for either DPR or productive life.”

Once a list has been gleaned of bulls that meet those criteria, the Frahms turn their attention to type traits and cow families.

The Frahms use a mixture of sexed and conventional semen to breed heifers and their best cows. They use beef on their lower end of their herd.

“We look very carefully at each cow,” Madeline said. “If they are lower producing than their herdmates, if they are hard breeders, if they don’t meet any of our criteria, those aren’t cows we want to continue keeping their genetics in the herd, so we’ll use beef on those cows.”

The Frahms are enjoying growth and success creating their fledgling breeding philosophy. On their May test, their herd averaged 81.4 pounds of milk with a 4.6% fat 3.4% protein test. The rolling herd average has reached 25,513 pounds of milk, 1,115 pounds of fat and 864 pounds of protein.

Besides official production testing, the Frahms participate regularly in the Brown Swiss Association’s classification program. They also genomic test their most promising animals, and are seeing expedited progress in those families.

“One of our best cows, from one of Bryce’s families, every mating, the calf has had a higher genomic result than the sire,” Madeline said. “We’re really excited about her and her offspring. She’s scored EX-91 and had 144 pounds on test with a 3.9% fat and 3.6% protein, and she’s due back the end of November to Crazy Horse.”

Both Bryce and Madeline have been long-time Brown Swiss enthusiasts, dating back to their

earliest 4-H days. They set their sights on working to breed their own profitable, productive and pretty herd under the Riverstone prefix, when they were married in 2023.

Above: Brown Swiss cows congregate in the freestall barn at Riverstone near Reese, Michigan. Bryce and Madeline Frahm combined their individual herds when they were married, pursuing together the goals they share.

Above: Bryce (left) and Madeline Frahm stand with two of their Brown Swiss cows, Oct. 5, 2025 at their family farm near Reese, Michigan. The Frahms have accumulated a herd of 30 Brown Swiss cows.

Below: Heifers eat at Riverstone near Reese, Michigan. Bryce and Madeline Frahm subscribe to a breeding philosophy where they want to create profitable, productive pretty cows.

Madeline brought her cows from her family’s Pennsylvania farm to join the herd that Bryce had begun building. Their combined passion for the breed is the root for wanting to breed the best Brown Swiss cow they can.

“I don’t ever want to have a set goal that I’m not moving on to the next thing,” Bryce said. “It’s a continuum of finding ways to improve — can we add another thousand pounds of milk? Can we get two points better on our preg rate? How can we have better transition cows? Grow our calves and heifers better? It’s always a constant challenge to continue to get better.”

The Frahms apply that mindset not only to their own herd, but to the impact they hope to make on the Brown Swiss breed.

“We have to improve to be relevant in this ultra-competitive dairy industry,” Bryce said. “We’re striving to improve the breed while also improving ourselves individually. It kind of irritates me when I hear about the stigma of Brown Swiss cows not producing as well, not breeding back. We’re failing if we’re allowing the industry to view the breed that way. I’m going to do my part in changing that mindset

and show that Brown Swiss can produce like Holsteins, be reproductively sound and be the cow of the future.”

Spring Sale REPORTS

82ND IOWA STATE SALE

March 14, 2026 - Cresco, IA

Average \$3042 on 52 live lots | Buyers from 11 States

Top Seller at \$5100 was Lot 4, **WF O Malley Nestle**, born 12/02/2025, a winter calf that is the granddaughter of WF Biver Northernlights ET, consigned by Woodwind Farm, Katie and Kelly Wood from Independence, WI. This calf was purchased by Caleb and Cole Schulte from Norway, IA.

2nd High Seller: selling for \$4700 was Lot 27, **Wapsi-Ana TN Velma** born 06/02/2025, a summer yearling that was sired by Hilltop Acres Top Notch ET, consigned by Abby Fairbanks from Anamosa, IA. This calf was purchased by Violet Ackerman from Lakeville, MN.

Lot 43 and 43 ½, who tied for 2nd high seller, was **Onword Slim Shady Poet NP** born 01/03/2024, a senior two-year-old that was sold for a combined total of \$4700 with her calf that was born 03/07/2026, both consigned by Blake and Briella Schutte from Sumner, IA. The senior two-year-old was purchased for \$3,800 by Stephen K. and Margaret Askew from Lonsdale, MN, and her calf was purchased for \$900 by Vanessa DeVore and Garrett Whipple from Wilton, IA.

The next high seller who sold for \$4600 was Lot 38, **FMC T Bootleg**, born 01/25/2024, another senior two-year-old sired by Cozy Nook Doboy Tank. Consigned by Fjel-Mar Dairy and Kelsey and William Erf from Oakdale, MN, and purchased by Caleb and Cole Schulte from Norway, IA, who were also the top buyer in this sale.

Lot 15, **KCCK Sully Always**, was sold for \$4500. Consigned by Carter Kruse from Dyersville, IA, and purchased by Livia Morris from Modesto, CA.

Lot 31, **Lucy Ann Dynamite Nora** was sold for \$4500 to Doug and Jody Fairbanks from Anamosa, IA. She is consigned by Emily Manweiler from Sumner, IA.

Selling for a combined total of \$4400 were Lots 48 and 48 ½. **Onward**

of Shady Finesse NP, born 04/12/2024 and sold to Stephen K. and Margaret Askew from Lonsdale, MN, for \$2800, and her calf born 03/07/2026 was sold to Sawyer Van Houweling from Prairie City, IA, for \$1600. Consigned by Kim Gaedelmann and Logan Worden from Clarence, IA.

Lot 12, **JK FC Cheerful**, born 12/12/2023, was sold for \$4100. Consigned by John Hartman and RK Genetics from New Glarus, WI, and purchased by Jill Kopfer from Durand, IL.

The sale is managed by the Iowa Brown Swiss Association President Eric Zumbach, Vice President Wil Manweiler, and Secretary/Treasurer Luanne Barber.

KENTUCKY NATIONAL SALE

April 3, 2026 - Louisville, KY

What a Day. Blown away by the support. The **2026 Kentucky National Sale** was a resounding success. Thank you to the consignors and to the buyers. Thank you to everyone who helped this week: Matt Manery, Cole Partridge, Will Sadler, Gus Lara, Bill McIver, Chad Voelker, and Josh Jones. Thank you to Lynn Lee, incredible job on the mic. Thank you to Jared Major, Terry Trowbridge, and Jake Hushon for first-time help. It was a great day for the Brown Cow in Kentucky. The average on 52 live lots was \$4,944. Now we can call it an International Sale with cattle selling to the Netherlands as well as 16 states from Texas to Utah to New York!

Consignor: Wapsi Ana, IA

Buyer: Grant Mitchell, KY

MIDWEST REVUE ROYALE ~ THE RESULTS

An unseasonably cold start to May 2 in Wooster, Ohio, didn't slow the momentum inside the sale ring. Thanks to a group of cooperative and progressive consignors who brought the Best in Brown, the atmosphere quickly heated up with strong bidding and deep, consistent quality from start to finish.

With 82 lots averaging \$5,344 (including 2 embryo lots) selling to 18 states as well as international destinations including England and Colombia, the Midwest Revue Royale, held May 2, 2026, in Wooster, Ohio, proved once again to be a strong marketplace for elite Brown Swiss. Competitive bidding came from both the seats and online through Fraley Live and CowBuyer, keeping the pace strong throughout the sale.

Leading the way was Lot 1, a truly historic offering — the first ever from the 2x Grand Champion at

the World Dairy Expo and the only cow in any breed ever to be named Grand Champion with her daughter named Reserve Grand Champion at the same show. Offered by Peter Vail from New York, this once-in-a-generation opportunity drew spirited bidding from both ringside and online before being secured by the partnership of Tyler Buckley, Austin Knapp and Mike Maier from Kentucky, Iowa and Wisconsin, for an investment of \$25,000.

The second high seller, Lot 9, was a gorgeous uddered Collaps 2-year-old from the renowned Jetway Nora family. Commanding a final bid of \$17,500, she was selected by Long Lane Farm, Brownstown, Indiana and John Schilling, Franklinton, Louisiana, and was consigned by Caylee James, Walcottville, Indiana.

Next in line at \$16,000 was Lot 68, an eye-catching end stall fall calf by World Class from an EX 92 Gib, who herself was a high selling Midwest Revue alum. Consigned by Blessing Farm and Garrison Brothers, Ft Wayne, Indiana, this standout calf generated strong interest and now calls home with Jax Ayers from Mechanicsburg, Ohio.

Lot 17, A unique heifer combining milk, index with leading type and udder composites drew a final bid of \$10,400 and is now at Hilltop Acres in Calmar, Iowa. This special spring yearling is from a VG 2-year-old Collaps daughter of Waltz who is another Midwest Revue featured alum and was consigned by Hackamatack Farm from Pavilion, New York.

Also reaching \$10,000 was Lot 21 from Pine Tree Dairy, Marshallville, Ohio, which attracted much attention with her quality and style as she stood in another end stall. This Daredevil fall yearling, backed by three Excellent dams, now joins Peter Vail's distinct, select group of Brown Swiss.

Managed by Modern Associates, the sale was cried by Adam Fraley, with Brian Garrison making pedigree announcements throughout the day. Working the phones and the ring taking bids from the crowd were Norman Magnussen, Steve Andrews, Phil Topp, and Bryan Champluvier. Online bidding was directed by Gina Fraley on Fraley Live, while Erica Davis handled CowBuyer and led social media efforts during sale week. Cattle were presented in the ring by Hannah Balthaser, Liz Howman, Jake Howman, Jacoby Gilbert and Calvin Steiner. Kathi Brown Meier assisted with sale updates, registrations, and transfers as well as pre & post-sale follow up. Dr. Brad Garrison served as the official veterinarian, and Tyler Endres headed up a talented barn crew who had the entire offering looking their best.

A sincere thank you goes out to our entire sale staff and to the consignors, buyers and bidders whose commitment to quality and breed progress continues to define this event.

Pic L-R: Sales and barn staff are pictured with Brian & Brayton Nierman, buyers of Lot 9, third high seller, Lot 68 with Hannah Balthaser on the halter. Second-high seller, Lot 9, with Jacoby Gilbert on the halter. Emily James, consignor of Lot 9 is on the far right.

This isn't just another sale...It is where good cattle become great investments. ~ Brian Garrison, Modern Associates, LLC

Sharing Your Herd Data into the National Cooperator Database

It all starts at the farm. Genetic improvement is driven by U.S. dairy farmers and the 60-plus organizations that collect and transmit farm data into the National Cooperator Database.

This database is the engine that helps breed better cows. Its output: U.S. dairy genetic evaluations and management tools that are the global standard – data-driven, future-focused, reliable, and independent.

Across the U.S., 10,000 visionary producers provide cow and herd data to the national database – benefiting the entire dairy industry by fueling U.S. genetic evaluations and empowering genetic improvement for generations to come.

How is my data used? Who has access?

Herd and animal data from the farm is integrated into the database after milk sampling by a DHI organization and successfully moving milk and cow event information through data standardization at a dairy records processing center (DRPC). Breed associations and genomic nominators move pedigree, type, and genomic data into the national database. All data is aggregated and CDCB adheres to strict protocols and codes to protect the privacy of individual farms that share data.

CDCB utilizes this dataset with millions of animal records to calculate and distribute U.S. dairy genetic evaluations. Data is also available to researchers at CDCB and approved research institutions. Researchers are thoroughly vetted and approved by CDCB before having access to the data.

How do I know if my data is going into the National Cooperator Database?

For herds using Dairy Herd Information (DHI) services, check with the DHI affiliate or service organization that collects milk samples and data on-farm. Herds that process records can also ask their DRPC.

A new platform, Herd Portal, is being developed as an easier way for producers to direct how and with whom their DHI records are shared. The Herd Portal will be managed by the National Dairy Herd Information Association (NDHIA).

When animals are genotyped and nominated for genomic evaluations, all submitted animal data and genotype lab results are automatically integrated into the National Cooperator Database. Farms genomic testing animals and sharing their herd data with the National Cooperator Database receive a fee credit on genomic testing.

DATA FUELS

GENETIC IMPROVEMENT

About the National Cooperator Database

- ▶ Stewarded by the Council on Dairy Cattle Breeding (CDCB) – an independent non-profit organization
- ▶ World's largest database of animal genetic (genotypic) and performance (phenotypic) data
- ▶ Robust certification process ensures high quality, aggregated data for U.S. genetic evaluations, benchmarks, and research
- ▶ When Powered by CDCB™ is present, the evaluations are fueled by the National Cooperator Database.

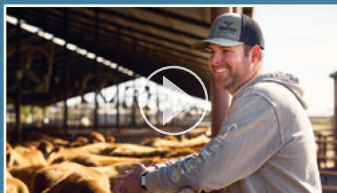

Questions about your herd data going to the National Cooperator Database at CDCB? Contact your local DHI (Dairy Herd Information) affiliate or Dairy Records Processing Center

- ▶ Ask if your permissions are checked to send performance and management records – yield, health, fertility, calving, etc. – to CDCB.
- ▶ Ensure accurate recording of each animal's birthdate, sire, and dam. Errors or gaps in animal ID can render records as non-usable for genetic evaluations. Ask your processing center if you have regularly occurring data errors, and if so, consider changes to on-farm protocols and data collection.

Brown Swiss Historical Society

Visiting the Past ...

Introduction

The Brown Swiss Historical Society (BSHS) only exists because of the forethought of breeders to preserve the 146-year history of Brown Swiss breeders and animals. BSHS's quest is to "Compile and Disseminate, Collect and Preserve, the Legacy left of past Brown Swiss Cows and Breeders". The Iowa breeders have been great supporters of the Brown Swiss Historical Society in many ways.

From the initial creation of the Historical Society, led by Bernard Monson, to the generous donations to the BSHS Museum located at the National Office, Iowa breeders have been great supporters.

IOWA'S GREAT SUPPORT OF BSHS

On July 23, 2006, in Dubuque, Iowa, during the National Convention, the first organized meeting took place. Bernard Monson chaired that meeting, and the group drafted a proposal to create a Brown Swiss Historical Society. Bernard was selected as the first President of BSHS. Bernard's enthusiasm and leadership have led the Society to recognize Master Breeders, a Hall of Fame, publication of the BSHS Chronicle, creation of a museum at the National Office and development of the history of the breed. At the 2006 convention, a booth was set up at the entrance to the sale barn to sell old Bulletins to raise money for BSHS. Shown in the photo are Russ and Joan Giesy, Velva Notter, and Bernard Monson.

Within the next few years, breeders from all over the country were donating items to BSHS to either sell or display in the museum. Shown below are a few items donated by Iowa breeders during this time. Also, many older Bulletins were donated, which are available for purchase through BSHS.

1. The Farmer's Cow Banner – Donated by Fred Hefty. For detailed information on this banner, see Visiting the Past in the January 2020 Bulletin.
2. Champion Male 1956 and Champion Female 1960 in Canton 3, Iowa – Donated by Fred Hefty.
3. Framed Judging Medallion from the 1935 Dairy Cattle Congress – Donated by Jodi Porter. The Medallion was won by the Purdue Team, coached by Dr. James Hillton, who eventually served as President of Iowa State University from 1953 until 1965.
4. Several significant monetary gifts, including a generous gift from the Estate (Trust) of William H. (Billy) Gilbert.
5. Carload, not kidding, of Bulletins and sale catalogs – Donated by Bernard Monson.
6. Many other donations by Iowa breeders.

BSHS Recognitions of Iowa Breeders

Active Master Breeders: 2014 – Larry and Julie Kruse, Earlville; 2022 – Hilltop Acres, Dennis and Barb Mashek, Calmar.

Hall of Fame Awardees: 2018 – Larrabee Family, Clermont (Pioneer); 2018 – Bernard Monson, Gowrie (Meritorious).

Obituaries

Julie A. Meisner

Julie A. Meisner, 64 of Harpursville, died unexpectedly on Friday, March 13, 2026, at her home. Julie was a kind, loving, and generous woman, a faithful friend, and a dedicated dairy farmer who ran Meisner Farms alongside her husband,

William, for 46 years.

She is survived by her husband, William F. Meisner, 5 children, William B. & Jessie Meisner, Raymond Meisner, Heather VanGorder, Michelle & Justin O'Brien, David Meisner, 10 grandchildren, Kyler, Mackinze, Alaina, Cashton, Melody, Garrus, Thane, Wyatt, Morgan, Riley.

Her favorite moments were managing and caring for her calves, reminiscing about her days with her horses, times at cattle shows, and above all, spending time with her grandchildren.

Jason Todd Nierman

It is with great sadness we share that Jason Todd Nierman tragically lost his life on January 4, 2026. His heroic actions on that day were a testament to who he was and how he lived his life.

Jason was born on December 19, 1973, to Roger and JoElla (Rochner) Nierman in

Seymour, Indiana. He graduated from Brownstown Central High School in 1992 and went on to earn his Bachelor's and Master's degrees from Purdue University. While at Purdue he was a member of Beta Sigma Psi where he formed lifelong friendships and found his partner in life, Lindsey. Jason and Lindsey were married on September 29, 2001.

Jason began his career as an economist in Dairy Programs for the United States Department of Agriculture in Washington D.C., and then continued his career in Louisville, KY, becoming Market Administrator. He was a dedicated and respected leader for 28 years.

Jason was an intelligent and hardworking man. He lived his faith through quiet service, always will-

ing to lend a hand and thinking of others before himself. Jason was a family man in every sense of the word and took great pride in the life he created. His family was his greatest priority, and he would do anything for them – being a constant, present father who delighted in spoiling his children in every possible way. His love language was gift-giving, a reflection of his generous heart and desire to bring joy to those he loved. He enjoyed tending to his garden, took pride in helping when needed on the family farm, and was a loyal friend. Often bordering on obsession, Jason was a lifelong Purdue fan. He also loved a good song, finding meaning in music that often mirrored the kindness he brought into the world.

Jason leaves behind a family who loved him deeply and were not ready to say goodbye: the love of his life, Lindsey (Westerfeld), daughters Lillian and Ella, and son Landon. His father, Roger Nierman, brother Brian (Amy) Nierman, and sister Jill (Don) Calhoun. Nieces and nephews who loved their Uncle Jason include Shelby (Austin) Stamm, Ryland (Sidney), Brayton, and Camdyn Nierman, Chase Calhoun, Zachary and Caroline Oswald, Isaac, Claire, and Elaine Prickel, Jericho and Anneliese Jones, Hazel and Nash Medley. Jason was united in heaven with his mother JoElla, grandparents William and Lillian Rochner and Henry and Laura Nierman, and mother-in-law Jane Hinsky.
