Welcome...

*You won't find Angus bulls anywhere
with more guts, butts or nuts!*

to our 53rd Annual Bull Sale On January 9th

We hope that this finds you all in good health and well. After everything that happened in 2020, I sure won't be making any predictions for 2021.

We will be selling over 100 big stout 2-year-old virgin bulls that are bred and fed with the commercial man in mind. You won't find cute little show bulls here. We are also selling 20 good replacement heifers. From the beginning our goal has been to produce cattle with excellent growth, provide us with replacement females that have good disposition, will raise a big calf without being pampered and to have the kind of steers that will perform in the feedlot.

We feel our cow herd is producing the kind of bulls that will sire profitable calves whether you sell them directly off the cows or feed them out. These bulls will also leave you with some excellent replacement females. We don't chase big numbers or current show fads. We try to raise cattle that work in our and your environment. We are striving to raise the kind of bulls that will improve our customers profits and leave you a better cow herd. I believe we have bulls that will increase the weaning weights and feedlot gains in anyone's herd.

The 2-year-old bulls in this sale have been raised specifically for the 2021 sale. They are the cream of the crop, not last year's leftovers. They are virgin bulls, developed on pasture with minimal supplementation. They will stay in the pasture getting plenty of exercise until sale day. The quality runs very deep. Whether you need one bull or a trailer load, you will find good bulls from start to finish. I don't think you will find a stronger set of 2-year-olds anywhere.

With cattle prices what they are today, there has never been a better time to improve your herd. I've always said "Only a wealthy man can afford to use a poor bull".

Stop in and look at our cattle any time. The coffee pot is always on. Be sure to join us for the complimentary lunch on sale day.

We would like to thank all our loyal customers who have made the last 53 years possible. We hope to continue to serve you in the future.

Fellow Cattle Producers

After some time I thought and thought about this letter for several days and what good to say about 2020 I ponder and I take back all the bad things I said about 2019 (haha). So it's on to 2021 as we all shake our heads and most of us are very concerned but it is a new year and honestly it does look at lot better than this past year or at least I am hopeful. Grain markets have shown us some much needed life breathed into pockets of farmers and we can only hope the same is for the livestock producers. I do honestly hope we are in for better times ahead of us but I know there will be some bumps and bruises along the way but it is nothing we are not use to. The biggest thing we see in the market place is the needed for quality cattle. Premium cattle have always demanded more dollars in the market and that doesn't seem to change any time soon. Quality has been king and always will be. It is important as producers we have to find animals with value and quality doesn't always come at expensive prices either. It is important to utilize your genetics and dollars properly and I believe that is what the Dethlefs family is offering the public is at the upper end of quality at a budget that fits anyone's operation. Cattle that simply work anywhere. Take the time to see an incredible set of long aged bulls and females that can add value to anyone's operation.

God Bless, Matt Lowery

Terms and Conditions

The terms of the sale are cash. All settlements must be made at the close of the auction.

All animals of breeding age are guaranteed breeders. Animals failing to breed in reasonable periods may be returned if in good of condition as when sold. The seller reserves the right to try said animal for five months and if it proves to be a breeder, return same animal to station of the buyer at the buyer's expense. If said animal proves sterile, the breeder may make a satisfactory exchange or refund the purchase price. All bulls are semen tested.

Special care has been taken to insure accuracy in the matter of pedigrees and information included in this catalog, but we are not to be held responsible for any error which may appear and which is beyond our control. Corrections that may be discovered prior to the sale will be announced at the time of selling.

Any disputes as to bids shall be settled by the auctioneer, whose decision shall be final and shall bind purchases to the announcement of the sale and sale price.

Herd Health and Guarantees

All cattle selling are free of CA-NH and AM defects by test or pedigree.

The bulls are fertility tested and are guaranteed breeders.

Out-of-state buyers will be furnished with necessary health papers.

KR Identity 4088

We bought Identity from the Krebs Ranch where he was the heaviest member of his class winning carload at Denver. We have been very pleased with the calves from Identity. His birthweight EPD has come down to +1.7 while having a yearling EPD of 125. His calves show excellent depth and thickness. He is one of the best footed, most sound moving bulls we have seen anywhere. He stays in good shape during breeding season and we can see that fleshing ability in his calves. We have used a lot of AI sires over the years, but none have been as consistent as Identity. His easy fleshing moderate sized calves would work in most environments anywhere. Identity is one of the best, most complete sires we have ever used.

Varilek Reliabull

We bought Reliabull from Mick Varilek at Geddes, SD where he was the second high selling bull. As a yearling, we turned VR out in a half section with 65 first calf heifers. We thought we would get him out when he started to run out of gas. He never ran out, he bred all those heifers and grew and held condition great. He is an amazing pasture breeding bull. He throws a lot of depth and weight with a smaller birth weight. We will calve his first heifers this Spring, they look great

KR Cash 6260

We bought KR Cash in 2017 Krebs Ranch sale. 6260 was a member of the Denver Champion Carload. 6260 sires calves that are extra deep with big hips. Use his sons to get more pounds from your cows. Full brother to \$40,000 Dinero.

RB Ten Times 305-3211

Ten Times is a 10X son out of the famous BA Lady 6807 305 cow. His dam has produced 12 test station winners. She is also the dam of Active Duty - Tour of Duty, the \$175,000 RB Lady Standard cow and many other outstanding progeny. Ten Times, from his first calf crop, has 98 ratio on birthweight to a 103 ratio on yearling weight. His calves have an avg IMF ratio of 105 and a fat ratio of 89 making him a very good carcass sire as well. His birth to yearling spread and his carcass data give him as good of EPDs as any bull in the breed.

Herbster Letterman 5153

We bought Letterman at the 2016 Herbster sale where his exceptional thickness and width caught our eye. He is a Sportsman son that throws good depth and power. His calves are moderate in frame with great width down through their rear quarter. The maternal side of the pedigree is very powerful.

MRA Revolution 6112

We bought the MRA bull from MT. Rushmore Angus in South Dakota in 2017. MRA is sired by the popular SAV Renown MRA offers moderate frame without giving up growth. Due to a breeding injury in his first year we only use MRA by AI now.

CAN'T MAKE THE SALE?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DV Auction. To watch or bid online, simply complete the following steps:

1. Visit the DVAuction web site at www.dvauction.com
2. Click on the "Register" tab.
3. Enter a user name, password and your contact information.

4. Click on "Apply for Bidding".
- Select the sale from the list of other auctions and click "Apply".

- Complete the process by filling out the Banking & Lending information requested.

- Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
- If you would prefer to be approved using your credit card, call (402) 316-5460.

- Please be sure to apply for bidding at least a day in advance of the sale - every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction.

After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchase.

PLEASE NOTE: High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or (402) 474-5557 or email: support@dvauction.com

PROXY BIDDING: If you can't access a computer during the sale, you can now place a "proxy bid" through DV Auction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DV Auction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

Suggested Sale Terms and Conditions,

American Angus Association, March 16, 1992

EXCEPT FOR THOSE STATED IN THE BELOW TERMS AND CONDITIONS, THERE ARE NO WARRANTIES, EITHER EXPRESSED OR IMPLIED, AS TO MERCHANT ABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE CATTLE BEING SOLD AT THIS AUCTION. THE WARRANTIES AND GUARANTEES SET FORTH IN THE "TERMS AND CONDITIONS" ARE IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED, AND THE REMEDIES PROVIDED THEREIN SHALL BE THE SOLE AND EXCLUSIVE REMEDY OF THE BUYER, OR AN PARTY CLAIMING THROUGH BUYER, FOR ANY BREACH OF WARRANTY OR GUARANTEE THEREIN PROVIDED, AND ALL OTHER OBLIGATIONS OR LIABILITIES.

BIDDING

1. Each animal will be sold to the highest bidder without reserve. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.

TERMS

1. Terms of sale are cash unless satisfactory credit arrangements including any possible reservation of security interest by vendor, have been made with vendor previous to sale.

PURCHASERS RISK

1. Each animal becomes the risk of the purchaser as soon as sold, but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment or until the expiration of (48) hours after the sale, whichever occurs sooner.

CERTIFICATE OF REGISTRY

1. A transferred certificate of registry will be furnished to the purchaser for each animal within (45) days following date of sale or receipt of full payment.

HEALTH

1. All animals are eligible for interstate shipment; except as otherwise announced. Interstate health papers will be furnished for each animal requiring T.B. and Bangs tests in accordance with Federal Regulations. A certificate of vaccination will be furnished for each animal that has been vaccinated for Bangs disease.

A.I. SERVICE CERTIFICATES

1. A.I. Service Certificates shall be furnished by the seller, at no cost to the buyer, for all females bred artificially to bulls not owned by the seller.

ANNOUNCEMENTS

1. Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

BREEDING GUARANTEE

1. All animals are guaranteed to be breeders, with the exception of: a) Calves under twelve months of age; b) Animals shown by purchaser after sale (in case of animals shown after purchase the breeding guarantees, if any shall be such as agreed upon between the seller and the buyer); c) Injury or disease occurring after sale; d) Gross negligence or willful misconduct on the part of the purchaser.
2. BULLS are guaranteed breeders if not allowed to run with the herd until at least 14 months of age. Any bull which settles cows by natural service and passes a fertility test made by competent veterinarians, mutually agreed upon by buyer and seller, during any 6 month period of trial (provided for in paragraph 2 of the section of these sales terms and condition entitled "Option and Privilege of Return and Adjustment") shall be considered a breeder. Any guarantees with respect to the ability to freeze semen shall be by separate agreement between the buyer and seller.
3. SAFE IN CALF FEMALES have been examined by a competent veterinarian and are so guaranteed.
4. SERVED FEMALES are believed to be in calf but are not so guaranteed.
5. PASTURE-BRED FEMALES have been exposed but are not guaranteed to be in calf.
6. OPEN FEMALES have not been served and are so guaranteed.

IDENTIFICATION

1. Seller offers each animal with a readable tattoo corresponding to its registration.
2. Buyer agrees to check tattoos for accuracy.
3. In those cases where a nickname is used, it shall be accompanied by the official registered name and number of the animal.

OPTIONS AND PRIVILEGES OF RETURN OR ADJUSTMENT

1. All claims for adjustment or refund must be made in writing either within six months of the sale date or no later than six months after the animal reaches 18 months of age, with the exception of claims involving dwarfs or misrepresentation of service sire.
2. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm of the seller if in good condition and complying with the health requirements of the seller's state. The seller shall be entitled to six months trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months the seller is unable to prove the animal is a breeder, the

seller shall, at the option of the buyer, replace the animal with another of equal value or refund the purchase price. The return of the full purchase price, shall in any case, be deemed full satisfaction and settlement. Any expense incurred for transporting an animal claimed to be a non-breeder shall be the responsibility of the purchaser, except that the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred for transportation.

3. If a female is sold as "safe in calf" proves not to be in calf, the purchaser may receive service from the bull previously used, if available, or if the bull is not available, the seller shall be obligated to make satisfactory adjustment on the purchase price to the buyer, or at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any adjustment provided for herein shall absolve the seller from further liability, except in case such female proves to be a non-breeder. If a female represented as "safe in calf" at time of sale to certain bull proves to have been bred to a different bull, the seller shall be obligated to make a satisfactory adjustment on the purchase price upon return of the animal to the farm of the seller (adjustments shall not be considered to be a breeding fee or an allocation of the purchase price to any unborn calf). Any expense incurred for transportation shall be the responsibility of the purchaser, except that the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place.
4. If a female sold as "open" proves to be with calf, the purchaser may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the purchaser. It shall be the obligation of the seller to bear any expense incurred for the transportation.
5. Cows with calves at side are presumed to be breeders with no further fertility guarantee.
6. White skin or hair shall not be painted or altered. If such painting or alteration has occurred, the buyer may return the animal to the farm of the seller for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the purchaser. Any expense incurred for transporting the animal shall be the responsibility of the purchaser, except that the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place.
7. If an animal is sold, and at a later date, proves not to be eligible for registration under the Association rules, the seller shall be obligated to make satisfactory adjustment on the purchase price to the buyer, or at the buyer's option refund the purchase price upon the return of the animal to the farm of the seller. Any expense incurred for transportation shall be the responsibility of purchaser, except that the seller shall be responsible for the transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place.
8. If an animal is sold and through blood typing is proven to have incorrect parentage, as represented by the certificate of registration, and for which parentage can be determined, the seller shall be obligated to make a satisfactory adjustment on the purchased price to the buyer, or at the buyer's option refund the purchase price upon the return of the animal to the farm of the seller. Any expense incurred for transportation shall be the responsibility of the purchaser, except that the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place.

GENETIC DEFECT GUARANTEE

1. All animals are guaranteed not to produce a calf with the following defects for a period of two years from date of sale: Dwarfism, Osteopetrosis (marble bone disease) and Syndactylism (mule foot). This guarantee is effective only under the following conditions.
 - a. The buyer shall notify the seller in writing immediately upon the birth of a calf suspected of being defective or immediately after determination is made that such calf is defective.
 - b. The seller at his expense shall be permitted, and provided with reasonable opportunity, to obtain blood samples of an alleged defective calf and its sire and dam for the purpose of blood type analysis to establish parenthood.
 - c. The animals will be returned by the buyer to the seller at the buyer's expense, provided the animals meet the health requirements of the seller's state.
 - d. The return of the purchase price in connection with a defect-producing animal shall be deemed full satisfaction and settlement.
2. In the event there is a dispute as to whether or not a calf is defective, the "Determination" referred to in paragraph 1a) above shall be made by a person or persons acceptable to both the buyer and seller, and in the event that the buyer and seller cannot agree on the selection of such person or persons, then each of them shall appoint a representative to make the determination. In the event that such representatives fail to agree, a third person selected by the representatives of the buyer and seller shall make the determination.
3. Registration certificates issued after January 30, 1979, for animals which, prior to issuance of the certificate, have been reported and verified as carriers of recessive genetic defects or genetic factor or have tested free of certain genetic defects or genetic factor contain the following codes relative to such defect: S - Syndactylism; H - Double Muscling; D - Dwarfism; M - Osteopetrosis; R - Red; HI - Heterochromia Iridis; HG - Horn Gene; X - Multiple Defects. Check List for Kind; F - Tested for Defect Printed Without Producing Abnormal Calves; GDF - Produced 35 or more calves from Daughters Without a Genetic Defect or Genetic Factor.

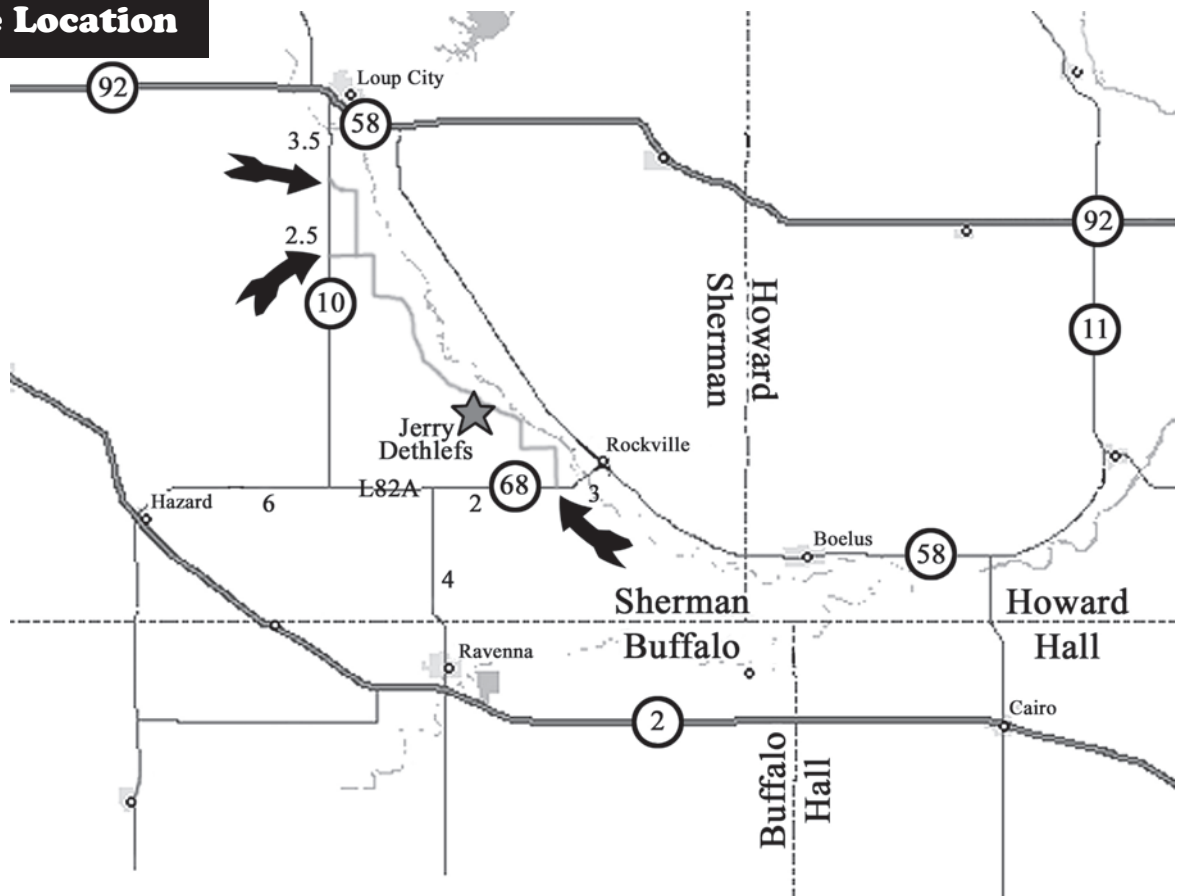

RIGHTS AND OBLIGATIONS

1. The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.
2. Neither the sponsoring association, the sale manager, nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.
