SALE REGISTRATION AND PAYMENT

All buyer numbers will only be issued with a valid ID and payment is due day of sale. Cattle will not be transferred until paid in full.

See more photos, videos, and sale updates online at **www.classicfarms.net**

ANNOUNCEMENTS

Announcements made sale day and from the auction block during the sale take precedence over printed material associated with this sale.

HEALTH

Cattle are vaccinated and tested for interstate shipment. Sexed semen is not 100% accurate, therefore the gender of resulting calves cannot be guaranteed.

EPDS

The EPDs reported in this catalog are the fall 2020 numbers, as reported by the respective breed associations.

LIABILITY

Persons who attend the sale do so at their own risk. Neither the owners nor the sale manager assumes liability, legal or otherwise, for any accidents, loss of property, or illness. Classic Sales is only an agent for the seller and has no responsibilities other than those involved in the sale.

This sale will be broadcast live on the internet.

Sexed Heifer Pregnancy
JPLF MISS MATLOCK C502

With extremely limited genetic inventory due to her untimely death, this will be one of the last public offerings on a pregnancy by our Cinderella donor. She has made such an impact on our programs in a short period of time, with almost all daughters being selfishly retained within our herds. Cinderella (Matlock C502), who we think is plenty worthy of wearing that crown, was a sale highlight at the NAILE Select Simmental Sale. She has a pedigree that is easily among the elites; she had an incredible show career that included Supreme Female at Simmental Sweepstakes, Grand Champion at KILE, and Reserve Supreme at PA Farm Show. As a donor in production, Cinderella has laid claims to a \$100K Distinction daughter who sold to Sullivan's. Recently, a Remedy granddaughter just demanded over \$45K in the 2023 Donors and Divas sale this past Fall. Cinderella embryos have sold as high as \$3100/each. We think Cinderella's ability to blend her massive foot size, extension, shape, and incredible look in a purebred package will create females that will excel not only in the show ring but also in future donor material for years to come. The exciting pregnancy offering is an absolute must own with the extreme popularity and success of 24 Karat sired SimAngus females. If you are looking to combine the best and most productive cow families that the Simmental breed has to offer and want to find yourself in the backdrop, you are sure to buy with confidence here. Due 1/1/2025. 6 y/o black commercial recip.

JS BLACK SATIN 9B

We are very excited to be able to offer embryos out of one of the most popular bulls in the Simmental breed along with one of the most talked about cow families in the breed. We have 2 of these matings in our show barn that we are very excited to see what their future holds. We think the attributes of this mating gives the option for fancy show heifers with power and eye appeal that will make productive cows or even donors themselves. Guarantee (1) 60 day pregnancy if completed by a certified embryologist within (1) calendar year of purchase. Embryos will be available at the sale.

FOXY LADY, FOXY LADY FULL SIB, TECUMSEH, WHO DA MAN

Embryos

If you haven't heard of HFSC Foxy Lady HF6 get ready to see her highlighted for years to come. She has been one of the most incredible young females to walk the East Coast in 2019 and continues to prove her worth in her progeny. She was named breed champion or supreme champion over 15 times in 7 different states during show career. Consistency runs in her blood as a full sister was named calf Champion % Simmental at KILE in 2022 and went on to be top seller in the annual Full Circle Farms Fall online sale. The sales of her progeny exceed \$80,000.00 and she is amongst the most influential in Simmental programs across the country. HF6 stamps her phenotype in her calves and different matings. Here is an opportunity for you to choose from these two sires. These two bulls don't need any introduction. JSUL SOMETHING ABOUT MARY (SAM) AND CLRWTR CLEAR ADVANTAGE H4G Don't miss out on this opportunity. Guarantee (1) 60 day pregnancy if completed by a certified embryologist within (1) calendar year of purchase. Embryos are located at Trans Ova and shipping arrangements need to be made within 30 days of purchase. HF6 owned with Full Circle Farm.

Embryos

Not very often do you get a chance to have your choice of embryos that are full sibs to the 1.3 million dollar, STCC Tecumseh and the 2022 NAILE Grand Champion female. The Knockout/Serena line is one of the most proven and consistent cow families in the Simmental breed. Add into that VCL Foresight, the sire of Tecumseh and JBSF Berwick, the sire of the 2022 NAILE Champion along with many others and you have a proven recipe for success. Safest bet is to take both mating's because they are already proven and you can't go wrong! These opportunities don't come along very often so be sure to have the winning bid on sale day. Selling 3 sexed heifer embryos from your choice of sires, VCL Foresight and JBSF Berwick. Guarantee one sixty day pregnancy per set of three embryos.

This solid black heifer is just a May born calf, but boy is she full of potential. Out of our top Donor "Treasure", a Broker daughter who hung banners across the northeast in her time, HM20 is ready to do the same. This heifer is a well balanced calf put together in a feminine package, that's ready to hit show ring with a junior next year. She's up headed and sleek fronted in a sound moving package that is halter broke and ready to go. Hillcrest Farm is a BQA certified herd and the HM20 is BVD tested negative.

There is not too much I can say bad about this heifer. Of course you can find something but it's going to take awhile to find any faults. This Natalie has plenty of foot and bone, that you would expect. The way she ties high from her shoulders to her neck allows you to see the sleek extension of her neck. She has just enough chrome and for those that love the white face, she has that going for her too! The "Natalie" genetics are a sure hit and hold true to being a great asset to the herd.

These 2 flushmate heifers have been a lot of fun this summer. We couldn't decide which one we like more and the judges can't either! They have each had their stint winning reserves in their divisions at the WV and OH State Fairs. We think these heifers are right for the time. They each have plenty of bone, muscle, and rib, with loads of eye appeal. Most importantly, with the cow family that's backing them and the top side of their pedigree, they will make outstanding cows once their show careers are over. We will retain the rights to 2 successful flushes at the buyer's convenience and the seller's expense. If the buyer would like to continue the show career of either of these heifers, Carter would be glad to help make that happen.

This chromed up purebred heifer is a product of a bred cow purchase from a past PA Fall Classic sale, and she sure does make us look smart. Mark Lady is a female that has continued to impress us every single day. I love her added dimension, excellent structure, and performance. She is long and extended fronted, big-middled, gentle attitude, and has "brood-cow" written all over her. The "On the Mark" daughters have proven to be successful in the show ring as well as in production. Her dam, Cover Girl, has been a big asset to our program, and we expect this daughter to do the same for you. I think this female that will be fun in the show ring as well as front pasture type female in the future. Be sure to find her, buy with confidence.

For this year's sale, we decided to offer a pick of two heifer calves. Despite being sired by two different bulls, the similarity of these two heifers is a strong example of how consistent our donor, Butterfly, has been in production. The Broker (12M) heifer is of similar quality to her flush mates that were successfully shown the last two years throughout the Northeast, winning numerous shows both as calves and yearling heifers. She has the same structural correctness, depth of body, feminine design, and show quality hair of her flush mates. The Quantum Leap (10M) heifer is the first of this mating to Butterfly that we have had born. Based on the quality of this female, we can't wait to see more calves from this flush. She possesses the same flawless structure, depth of body, and hair coat with added length of neck that ties in high out of the top side of her shoulder. Pick either one of them, we don't think you can go wrong no matter which one you choose. Retaining the right to two flushes on each heifer. BVD-PI negative. BQA certified.

Juniors take note here!! If you like some extra chrome and want to get noticed both in the showing and beyond here is the heifer for you. Miss Chrome has the pieces to do that. She is nice fronted, great natural rib shape and a good hip. She also has a cow family to back her up. She is out of a 2yr old daughter of one of our most prolific donors in our herd. Most importantly Miss Chrome will make a Great cow after her show career is over and after she's had you in the winners circle. Please be sure to send us pictures of you with her in front of the backdrop with your banner!

Everyone in our house picks their favorite calves when they are born. Well this one was smothered with cuddles from day one. When it came to halter breaking, she was confused why she had it on when she already walked right beside you. It's a good thing she is so tame because when it comes to grow power, this girl is impressive. She has a deep belly, she's soggy but she is still good on her feet and legs. When you step in behind her you get to really appreciate how much hip and width she really has from front to back.

We were fortunate enough to have had an outstanding "Gigi" calf crop this year, and we are excited to offer you one of the best. This female excels both phenotypically and genetically. She has that tremendous look and extension that is hard to find. She has that extra shot of bone, foot size, and power while still being soft made with awesome angles. Elite genetics run strong in this female's pedigree. She is a -æ sister to the \$620,000 valued STCC Tecumseh bull that has been siring high sellers all across the country. Multiple maternal sisters by our Gigi donor have been sale highlights all over the country with multiple of them that have demanded over 10K+ in recent sales, with embryo matings bringing in excess of \$1K+. Her granddam, HF Serena, has amassed 3+ million in progeny sales. I think this young female will easily follow in those footsteps. We expect this female to have the ability to take your program to the next level, as well as get you into the backdrop. Very unique opportunity here.

When I reflect on our program and think which animal started it all for us-the answer is easily our "Lola" donor. She has been a big part of where our program is today, and she consistently proves to out-produce herself year in and year out. She is consistently stamping them out with many of them highlighting and being top sellers in this exact sale and others. She stems from a very successful pedigree and did quite a bit of winning herself with division honors at NAILE, KILE and PA Farm Show, as well as countless jackpot breed champions. Her dam, STF Nostalgia, was the high seller donor at Trennepohl Farms and previous champion at Indiana State Fair. Her granddam is the famous STF Onyx. We are excited to offer a heifer with a proven pedigree and a flushmate sister to the female that highlighted our fall born sale this year that demanded \$10K to Hillcrest Farms. This December born red baldy is flat shouldered, long bodied, with an awesome running gear. She brings the extra bells and whistles. She has been slow to hair back up this fall, but we expect by sale day she will be really good haired again. Buy into a female that can move the needle for your program

Bred 6/16/2024 to W/C Bet On Red 481H (3808091). Pasture exposed 6-28 to 8-24 to K9 (4107629). Trends come and go, the cattle industry is no different. Red may be all the rage and this female may not carry the same hide color as her famous maternal granddam but some things never go out of style. She is as easy keeping and low maintenance as you can get and functional as any, traits that are always going to be what matters. Calm as can be, easy keeping, backed by greats like the famous Red Jewel, Shear Force and Miss Sugar and bred to the sire everyone loves, Bet on Red, this girl is a sure bet all day long. AI bred 6-16 to Bet on Red, Clean up bull is a red Lock and Load son of Lazy H Shez Too Cool W58.

Bred 6/26/2024 to WLE Uno Mas X549 (2532016). If you like chrome, look no further. Here is a heifer with a lot of mating flexibility to go with her flashy chrome. She goes back to a Built Right x Meyer 734 cow on the bottom side that has been a good producer for us. On the top side she is a daughter of Red Neck allowing you to produce either club calves or registered stock with her. She sells bred to the calving ease WLE Uno Mas. I'm sure this chromed up female will be easy for you to find on sale day as she will be when you're enjoying her in your pasture.

Bred 6/5/2024 to CAJS Blaze of Glory (2939840). Offering up my wife's favorite from the 2023 calf crop. Wildydale Frannie is a thick made Franchise daughter out of the Main Event cow we sold at the 2023 Classic. Frannie's moderate frame and ease of fleshing is going to make her an ultra efficient cow. Her pedigree allows a breeder to go many different directions- our first choice was to get her back to her purebred roots while trying to add a little chrome. She is bred to Blaze of Glory for an April calf. Although she didn't make our show string this year, she is halter broke and puppy dog tame.

Bred 6/6/2024 to SSC Shell Shocked HHB (2880060). Hers is an attractive and well-built Steel Lady daughter, a maternal sib to the great HFSC Foxy Lady. This female is an impressive brood cow in the making. She is a purebred version of the Steel Lady family. Sound in her foot structure and functional in her joint work. Flat muscled, smooth shouldered, easy doing and built with longevity in mind. Safe in calf to Shell Shocked, due March 17th, 2025. We feel her Shell Shocked calf will be a home run. Turn her out to pasture and let her work hard for you in production. Heifer if BVD tested negative. Hillcrest Farm is BQA Certified.

Bred 5/14/2024 to W/C Executive Order 8543B (2900283). Every heifer can't be a show heifer, but every heifer needs to be a cow. This bred heifer's is packed with powerful genetics. Sired by Private Stock and out of our top Donor Cow who is sired by Broker. Her granddam, "Treasure" who is now 11 years, won many banners in the northeast in her prime. Now her daughters and granddaughters are having successful show careers and becoming great cows. Everyone's end goal, females being great cows. This all-black female is long spined, long necked, sound on her feet with great eye appeal. She is a front pasture female. Safe is calf to Executive Order, he is the ultimate blend of growth, calving ease, and cow making traits. He adds capacity and soundness to all of his calves. Due to calf Feb 23rd, 2025. Female is BVD tested negative. Hillcrest Farm is a BQA Certified Herd.

Bred 2/23/2024 to **Holtkamp CLAC Change is Coming (3832373)**. I can't say enough about the positive impact that the Too Cool cow has had on our breeding program, and this heifer is a prime example of that. She is deep ribbed, thick, and powerful! Her maternal siblings are too numerous to mention— SSC Victorias Secret and SSC Shell Shocked are just a couple. And if you want to know about full sibs, just ask Powell's Valley Simmentals and Cedar Creek Cattle Company how much they like theirs! All the hard work is done with this heifer— she is bred to Holtkamp CLAC Change is Coming and is due 12-6-24.

Fancy was our daughters first show heifer and one of our first purchases from Hillcrest Farm Simmentals. Every year she raises an exceptional calf. This year her calf is a blazed faced red heifer that knocks it out of the park! She is bred back to the same bull, Bank On It, for another show stopping RED calf! She is due 3/11/25 and has been confirmed pregnant. Fancy is a big ribbed, long cow with great extension. She excelled as a show heifer as well as in our breeding program. Take advantage of this opportunity to add this high quality cow to your front pasture and bring those red calves into your program.

Heifer DOB 2024-05-17 SIRE CRUM BEEF BROKER 238K

AI bred 7/2/2024 to FELT Perseverance 302F (3493800). 124J is exactly what you expect from an I80 X HOC Broker mating – long clean fronted soggy/wide/stout cow with great hair and nice udder. Both her dam and calf are fully chromed up so don't be surprised if her 7/2/24 mating to baldy Perseverance (#3493800) comes with chrome. She is confirmed safe in calf for early April. Pregnancy planned EPDs: CE 12.9, BW -0.3, WW 68.9, YW 101.4. What a cow!! 487M is a nice shapely black 3/4 heifer calf with chrome everywhere (head, legs/socks, belly, tail) just like her maternal granddam. She definitely stands out in any crowd. She retains the I80 traits of nice hair and long clean front. Calf ASA #4399977; EPSS: CE 10.7, BW 1.4, WW 67.6 YW 96.3. She is docile.

84A HEIFER CALF

Heifer DOB 2024-04-06 SIRE WS REVIVAL

AI bred 6/27/2024 to Next Level (981484). Here is an extremely attractive young cow in the prime of her life. She is pretty front, good ribbed with a stout hip, all on a great framed cow. She ties great phenotype in with great genotype, tracing back to the famous multi-million dollar HF Serena. To make this deal even sweeter she is nursing a beautiful baldy heifer calf that is kid broke and ready to hit the showing. And as icing on the cake she sells bred back safe in calf to one of the hottest bulls on the market, Next Level. I'm confident that this young cow and the calf in her belly will take your program to the Next Level.

Reds are hot right now! What's better than a red baldie that is a total meat wagon out of the Griswold sire, W/C Bank On It. Jasper has been spoiled since day 1 by my daughter! She's the one who has broke him to lead and worked with him the most. He's as docile as they come in a rugged-built, masculine package! Jasper's dam, STCC Janessa, is a dark, cherry red 3 year old with a nice udder who originated out of the Trennepohl program in Middletown, IN. Have some fun with Jasper in the ring at PA Farm Show before turning him out with cows next spring. Jasper caught the eye of Kent Jaecke this past spring at only 1 month of age; let Jasper catch your attention on sale day.

What's better than getting a Lover Boy bull out of your best cow? Twin Lover Boys out of your best cow! Stone Cold is the twin brother of Stoli On Ice who was the Reserve Champion percentage bull at the Ohio State Fair this year. They are full sibs to the red heifer that Bella has shown very successfully in the Bred and Owned division at AJSA shows, NAILE (2023 reserve champion) and KILE (2023 champion). Stone has had his own success in the showing as the OJSA Memorial day show champion bull - beating his brother- and was a top 5 bull at the AJSA Eastern Regional in Hattiesburg Mississippi. Loverboy sires are can't miss studs for adding phenotype and performance to your calf crop. Stone will be a solid foundation for your program for years to come.

This big-time power bull is the result of the proven combination of the popular W/C Bet On Red and STCC Bases Loaded 'Lola'. Dr Josh Winslow say's Lola is the most consistent donor in the Full Circle program. Take him home and put him to work. These RED genetics are a sure bet!

In loving memory...

of our dear friend who contributed so much
to our breed and most certainly our Junior
Simmental members, Ron Dziembowski
