PUTTIN' BEEF WHERE IT COUNTS,

EKSTRUM SIMMENTALS ANNUAL BULL SALE **FEBRUARY 1, 2025 • 1:00 PM CST • KIMBALL, SD** **PROVEN GENETICS, REAL-WORLD PERFORMANCE, UNMATCHED POTENTIAL!**

Dear Friends,

Welcome to our annual bull sale. What a time to be in the cattle business! All time highs in every sector of the beef business should hold well into the next few years. As always South Dakota gives us extremes from being dry and this year to having abundant moisture in our area. Again our calves have been one of the most impressive sets we have raised to date.

All our calves come off pasture with no creep. With over 50 years of raising Simmentals and over 60 years of Aling and performance testing we believe this tells the true story of the calves at weaning time without being fluffed. It truly shows what bloodlines excel in the real world. The bulls were developed on a high forage ration using ground hay, ground alfalfa,

corn silage, and soybean meal to ensure sound feet and longevity. All our cattle rations are formulated and balanced by Livestock Visions (DVM Bruce Naasz and nutritionist Steve Peterson). All our herd health is conducted by Central Dakota Animal Clinic, DVM Bryant Soulek and East River Veterinary, DVM Haley Hoiem.

If your breeding program consists of using purebred Simmentals, or SimAngus bulls we have performance oriented bulls to fit your program. Stop by anytime to come and inspect the bulls or go to www.ekstrumsimmentals.com for updated information. Videos will be on DVAuction.

Thanks, The Ekstrums
