**DIAMOND LAZY J**  
**BULL SALE**

**JANUARY 18, 2024**  
**12:30PM CT**

**VALENTINE LIVESTOCK**

# WELCOME

The Diamond Lazy J Ranch would like to welcome you to our annual bull sale. The wet summer and mild winter are certainly welcome after experiencing the extremes of last year. We would also like to thank all of our returning bull buyers and anyone that is attending our sale for the first time.

Our program has been based on over 30 years of AI'ing and developing bulls that fit the needs of the Sandhill rancher. We also emphasize raising cattle with a good disposition. These bulls are raised utilizing the resources of the Sandhills, which are grass and hay. The calves are grown on a hay-based diet over the winter, run on summer range and again supplemented in the fall and winter while maintaining a grass and hay diet. This allows the bulls to grow without being pushed. We feel this will increase the longevity of the bulls while allowing the true genetics to come through. Our balanced trait selection allows you to keep heifers that will perform in the Sandhills without sacrificing the performance of feeder cattle.

Family and friends are the other part of Diamond Lazy J Ranch. We love to have people stop, whether it's looking at cattle, a cup of coffee, or sharing a meal with us. It is always good to visit with friends.

We hope to see you in the seats at Valentine Livestock on January 18, 2024.

Sincerely,  
The Nollette's

# BARNES ANGUS

Welcome Cattleman

Finally made it to sale day! Through one of the toughest years many ranchers have ever seen in our area. It started with record amount of snow that would not leave which truly tested our cattle to the limits. Just like this last winter when it started raining, we received record amounts which just made things a little more trying with washy grass and getting hay put up, but at least there was grass this year.

The Barnes Angus Ranch is a 4th generation commercial cow calf operation. At one time my Grandpa Garth had a dream of having his very own production sale, but never saw that dream come true. About 7 years ago Justin and Brent talked to me about starting to sell bulls out of the registered cows that my wife received from the Diamond Lazy J Ranch Partnership as a way to expand the Bull Sale offering. We started out with 16 registered cows from Diamond Lazy J and progressed to over 200 registered cows currently running at Barnes Angus. Most of the Registered cows trace back to one of the biggest named seedstock operations in the country, Stevenson Angus.

I am truly excited to bring one of the best sets of 2 year old bulls I have ever offered. Every bull in this offering is a Virgin coming 2 year old bull. These bulls are slow grown for longevity and will last in any conditions. During the year, these bulls are not pampered and need to prove themselves. The bulls were summered in a 400 acre pasture and had nothing but grass and mineral this summer. Then around November they were hauled back to the ranch headquarters from November to sale time. These bulls are put on a growing ration to get them ready for sale day.

I want to stress this set of bulls is as docile as any bunch I have ever had. My children enjoy coming with me to hand feed these bulls every day. It is important that my kids are safe while around these animals and want your family to be safe as well. I personally invite you to come look at them at the ranch before the sale. Please contact me with any questions.

This has truly been a pleasure being your genetic supplier. Thank you for considering our program and this year's sale offering!

Barnes Angus
